1) How NIH, USA and Wuhan Labs, China set up the Covid Pandemic

The basis of Dr. Anthony Fauci doing the 'Gain of Function' research at NIH, USA to create a more infective virus by giving it a higher 'Jump Factor', was the simple supposition of – What if someday there arises a highly infective virus that kills most of Humanity? How will we deal with it if we will not have a vaccine for it in advance?

It gave them reason to make a highly infective virus themselves and patent it. After developing a vaccine for it, the next step was to infect some people in their laboratories or some other controlled location with their newly created highly virulent virus, to see how their newly patented vaccines would prevent people from getting sick from the virus. This was how they got funding for the 'Gain of Function' project and began their work.

After 4 years of this work, came the phase where the USA Government conveniently banned the project, so Dr. Anthony Fauci transferred it to the Wuhan Labs in China, from where it got 'accidentally' released, and that's how the Coronavirus Pandemic was conveniently delivered to the entire world.

Enough evidence points in the direction of this not being an independent series of events, but rather it was done in collaboration with Bill Gates who declared in his TED talk in USA in 2015 that a new highly infectious virus would kill over 10 million people. That was followed up by Dr. Anthony Fauci who said in 2017 "There is no question there will be a surprise outbreak". And then again in 2017 Bill Gates declared that an International Pandemic whether naturally caused or intentionally caused will cause 10 million excess deaths. It sure looks like a lot of teamwork between buddies who studied in the same university class in their younger days.

2) Event 201 – Government and Health Officials got trained on Covid even before it began

The John Hopkins Center for Health Security in partnership with the World Economic Forum and the Bill and Melinda Gates Foundation hosted Event 201 on 18th Oct 2019 in New York.

The event simulated the potential consequences of a Novel Coronavirus Pandemic and the kinds of societal and economic challenges it would pose. It invited people from business, government, security and public health to simulate coordinating a policy response to the pandemic. The simulators added a new layer of realism by reaching beyond government and NGOs to leaders in the private sector and business community as well, and participants included representatives from NBC Universal, UPS, and Johnson & Johnson.

It dropped participants' right in the midst of an uncontrolled coronavirus outbreak that was spreading like wildfire out of South America to wreak worldwide havoc. As fictional newscasters from "GNN" narrated, the immune-resistant virus (nicknamed CAPS) was crippling trade and travel, sending the global economy into freefall. The participants in Event 201 estimated the pandemic would kill 65 million people within 18 months. Social media was rampant with rumours and misinformation, governments were collapsing, and citizens were revolting.

They rehearsed how Governments would clamp down on disinformation and misinformation on social media platforms by shutting down users accounts and how they would ensure that only their version of things goes to the public via all the mainstream media channels. Besides that they also discussed how World Health Organization would implement restrictive measures such as testing, masking, sanitizers, social distancing, quarantine and lockdowns, and finally how Vaccines Companies would hurry to quickly manufacture new coronavirus vaccines to prevent the further spread of the virus.

How did they know that the Pandemic was coming for sure? Was it because Bill Gates and Dr. Anthony Fauci and others had worked so hard over the previous 10 years to make it happen?

3) WHO's 1st Medical Fraud that created the fake Pandemic – False Pandemic Definition

Prior to the Covid Pandemic, WHO changed the definition of a Pandemic from the number of people dying from an illness, to the number of people indicated as positive with an infection. The test used was the RT-PCR Test, which gave 97% false positives. It was these high false positives that projected a fake high number of Covid +ve cases across the world, when in fact most RT-PCR tested people were not having the Covid Flu. This created a false notion of a Pandemic.

4) WHO's 2nd Medical Fraud that created the fake Pandemic – No Virus Found

The main test used in this case was the RT-PCR Test. The RT-PCR Test takes a sample of genetic material from the para nasal passage or throat of a person and runs it through an enzyme called Reverse Transcriptase to convert the RNA from the virus into DNA and then multiplies the DNA exponentially to find if fragments of the Sars-Cov-2 virus are present in the person. **Since complete viruses and not their fragments are necessary for transmission, the PCR test is an invalid test when it comes to proving whether a person has an active Sars-Cov-2 infection or not.**

When the genetic material is being amplified in the test, it is done via cycles, which makes the quantity double after every cycle. But the accuracy of this test drops with increasing cycles when compared to the 'Gold Standard' of the so called 'Virus Culture'. When the RT-PCR Test is run at 25 cycles it gives 30% false positives. At 30 cycles it gives 80% false positives, at 35 cycles it gives 97% false positives and at 40 cycles and above it gives 99.9% false positives. Across the world labs were running the cycles between 35 to 45 cycles of magnification, which means that most of these results are at least 97%-99% false. It is these high false positives that laid the foundation of a high number of Covid positive people, for the declaration of a Pandemic.

What is worse is that the RT-PCR Test compares this amplified genomic sequence with a computer-generated sequence of the SARS Cov-2 virus. The reason they compare it with a computer generated sequence is because they have not isolated the complete SARS Cov-2 virus till date and therefore have not acquired its true complete genetic sequence directly. This is complete Medical Fraud.

The inventor of the RT-PCR Test, Kary Mullis, an American Biochemist, who got the Nobel Prize for his invention of the PCR technique, said that if you run the PCR Test long enough, you can find almost anything in anybody. It doesn't tell you that the thing you ended up with really was going to make you sick. He also stated that it is not meant to be a diagnostic tool and was sceptical that any PCR test is ever true. It was stated that he died from respiratory failure just before the Pandemic, though the clear suspicion is that he was murdered by poisoning to suppress his objections of using the RT-PCR Test for diagnosing infections.

Not a single government or organization till date has been able to provide any scientific evidence in Freedom to Information Requests across the world. The US CDC (Center for Disease Control and Prevention) in its July 2020 report CDC 2019-Novel Coronavirus (2019-nCoV) Real-Time RT-PCR Diagnostic Panel stated - Since no quantified virus isolates of the 2019-nCoV were available for CDC use at the time the test was developed and this study conducted, assays designed for detection of the 2019-nCoV RNA were tested with characterized stocks of in vitro transcribed full length RNA (N gene; GenBank accession: MN908947.2) of known titer (RNA copies/ μ L) spiked into a diluent consisting of a suspension of human A549 cells and viral transport medium (VTM) to mimic clinical specimen. (pg.40). This simply means that CDC had been running PCR tests based not on an actual sample or specimen taken from an infected human, but on "stocks" of "transcribed RNA" taken from a gene bank to mimic the non-existent virus.

The original Corman-Drosten paper admits they used a theoretical virus sequence for all their work and calculations. They, like the CDC and every government and agency, claim this is only because no isolate was ever available. This article by Makia Freeman explains further the 10

reasons why SARS-CoV-2 is a Fictitious Virus <https://thefreedomarticles.com/10-reasons-sars-cov-2-imaginary-digital-theoretical-virus>

The Rapid Antigen Test (RAT) – Another Bogus Test

The Rapid Antigen Test (RAT) works in a different way. It takes a sample of genetic material from the para nasal passage or throat of a person. The sample is then mixed with a solution that breaks up the virus and frees up viral proteins from its surface. The mix is then put on a paper strip that contains an antibody tailored to bind to these proteins, if they're present in the solution. A positive test result is seen as a fluorescent glow or as a dark band on the paper strip.

The problem is, yet again they take a fragment of the virus and as explained earlier, **complete viruses and not their fragments are necessary for transmission, so this test also cannot tell if a person is presently affected with Covid-19.** Moreover, since they have not yet isolated the complete Covid-19 Virus anywhere in the world, it is impossible for them to identify its specific antibody - this is essential in order for them to state that they match the exact antibodies needed for a genuine confirmation of Covid-19 infection. So this test turns out to be a false test too.

Additionally, 'virus fragments' of Sars-Cov-2 as well as similar other Coronaviruses get retained in a person's body from previous infections up to 3 months or more, even after they have been completely healed. As a result, in all such cases the test will falsely show that the person is infected, when in reality they are now fully asymptomatic of Covid and cannot infect others.

The PCR & RAT tests are both scientifically flawed tests because they do not check for a complete live virus in people. Both tests use the fragments of viruses, which the body excretes (common to many other coronaviruses that show up with the common cold), so it cannot be concluded that they are actually detecting the Covid-19 / Sars-Cov-2 Virus.

Across India, the vast majority of people who tested positive, were actually asymptomatic, proving that these tests are fake. As of July 2021, 24,09,09,487 RT-PCR tests returned a positive case, out of which 23,28,61,528 were asymptomatic. In other words, of the total positive cases, 96.6% were asymptomatic www.awakenindiamovement.com/covid-testing-data-of-symptomatic-cases-and-potential-of-injury

5) Natural or Lab Virus – Neither has been proven to cause the Covid Flu

Dr.Derek Knauss, Clinical Lab Scientist with a PhD in Virology and Immunology, stated "I have tested 1,500 supposedly 'Covid-19' positive samples collected in Southern California with my Lab Team using Koch's postulates and after observations under the Electron Microscope, we found no SARS-CoV-2 Virus in the 1500 samples. Instead all of them had either Influenza A or Influenza B. We then sent samples to Stanford, Cornell and few other Universities in California; they got the same results – no SARS-CoV-2 Virus, only Influenza A and Influenza B. All of us then spoke to the CDC for viable samples of the SARS-CoV-2 Virus, which CDC said they could not provide as they did not have any samples. We have all come to the final conclusion that the SARS-CoV-2 Virus is fictitious and does not exist and most of the 225,000 died due to comorbidities and the normal flu. We at the 7 Universities are now suing the CDC for Covid-19 Fraud.

Furthermore, the RT-PCR Test and RAT Test for some people across the world has shown positive at one time and negative after a few hours and that is simply impossible. So these tests prove time and again that they are a completely fraudulent testing system and should be banned from use anywhere in the world.

Falsely declaring uninfected people as Covid +ve via the RT-PCR Test or RAT Test and then putting them in treatment wards for other Covid +ve patients is gross medical negligence because it exposes them to actual symptomatic Covid +ve people and also people with other incidental

comorbidities such as Pneumonia, Tuberculosis, Bronchitis, etc. This is the most dangerous practice as it constitutes medical conspiracy to cause a healthy person's death in the hospital.

Furthermore, it causes uninfected people monetary loss and immense mental trauma, whilst also damaging their family and work life. Worse even, is that it is adding to the extreme panic in society caused by a crazed media, of a false high number of "infected" people, which again, are blatant lies. It became clear that testing agencies across the world are forcing this test to create a lot of vaccine business opportunities for vaccine companies.

The 'Wuhan Lab Created Virus Leak' story is being propagated by Big Pharma just to maintain their profitable premise that a dangerous virus and its variants are out on the loose and therefore several types of vaccines are required now and in the future to mitigate them. Due to this, several people and agencies across the globe are digging for evidence of this devious plot and it just keeps all of them busy and away from the truth, which is – gain of function research to develop a higher jump factor in a microorganism to be used as a bio weapon, does not happen for dead exosomes / viruses. It can only be done for a living infective organisms such as the Pneumonia bacterium or Tuberculosis bacterium, in which their living environments are gradually made harsher and harsher over time and this forces the organism to mutate in order to survive and in this process it gains function and becomes more infective, having a higher jump factor, whether from animal to human or human to human. Same is the case for the antibiotic resistant TB bacterium that keeps on mutating to beat the effect of the antibiotic.

The 'Gain of Function' work was undoubtedly done at NIH, USA for 4 years, then transferred to Wuhan Institute of Virology, China where it continued for another 4 years, and all of their hard work may have resulted in creating such infective microorganisms. Such pathogenic organism created for the purpose of biological warfare, have been ongoing in the military factions of several countries over the last 50 years. Yet, the characteristics of such organisms are that they do not survive in the open environment across places and countries over periods of time longer than a couple of months, because they are no more in their stable lab created environment.

In natural open environments that keep changing, these organisms either die or down regulate themselves and drop their function gained to stabilize at the normal environments. This is basic science that unfortunately even experienced doctors fail to understand. So the infective organisms get back to their lower infectivity factor, once again becoming an ordinary organism incapable of a Pandemic. How long will it take to down regulate? Probably just half the time it takes for them to mutate, because a forced mutation is not a natural phenomenon, whereas a down regulation is the return from a forced and unnatural mutation that was against the organisms' natural behaviour.

The following basic science is unfortunately not understood even by 'medical experts'.

Why did they need to do 'Gain of Function' work on a pathogen?

It was done, simply because no organism in various environments across the world could achieve a gain of function on its own to become so virulent that would make people around the world sick. That makes it clear that there was never a threat of a Pandemic from any such pathogen. The 'Gain of Function' work done by Dr. Anthony Fauci and NIH and Wuhan Labs was deliberate work of developing biological warfare organisms for use on Humanity and that is why it needs to get classified as 'Crimes against Humanity' for which all involved must be punished severely, so that it is never attempted again. It has been concluded by various medical researchers after 2 years of research on Covid, that the toxins in the Covid Vaccines have indeed turned out to be the real chemical based bio-warfare against Humanity, for which all the vaccine manufacturing companies are liable too.

It is acknowledged by medical science that a virus is a non-living particle, that has no eyes, no mouth, no nose, no orifices at all, no arms, no legs, no digestive system, and no reproductive system. As per science, viruses do not have cells, but a protein coat that protects their genetic

material (either DNA or RNA). Therefore, it is just a simple piece of protein structure. It is claimed, but never scientifically proven that it can multiply once inside a host cell. There is not a single microscope video nor progressive slides of the virus moving or entering the cells of the human body or of it using the genetic material of a cell (once in the cell) to multiply itself and then cause cell damage / death and how it moves to other cells to do the same.

The truth with regard to viruses is that protein material called exosomes were expelled right from the time the first living organisms on this planet went through their first damage cycle followed by a healing phase. Therefore it is true that exosomes have been present since the time of living organisms, and they are a part of the natural material existing in our bodies at all times that serve their regular functions, but they are fraudulently labelled as harmful viruses, when they are not.

Some Key Questions regarding Viruses that are still Un-Answered to This Day

These questions have not been answered by virologists, biologists and doctors till date:

1. How does a non-living particle like a virus outside the human body enter cells of the human body? Why has this activity never been filmed till date with a high resolution microscope?
2. How does a non-living particle like a virus get killed by soap or sanitizers?
3. How does a non-living particle like a virus mutate into other strains?

The power point presentations and animated videos that medical institutions have been showing us of the "Covid-19 Virus" are all made in computer software. They are not videos of a real virus.

6) WHO's 3rd Medical Fraud that created the fake Covid Pandemic

Neither WHO nor any other medical entity in the world has done human trials of the virus, despite people across the world offering themselves for such testing. Such virus trials need to prove that when SARS Cov2 or any of the variants are naturally given to a person, it actually causes the stated Covid symptoms, and thereafter, such a symptomatic person passes it on to others to make them sick. Only then do we have a case for a Pandemic. But these real time and natural scenario flu causation tests that has a much higher scientific validity than any laboratory tests of fragments of the Coronavirus present in people's test swabs have never been done. **Therefore, stating that SARS Cov2 causes Covid symptoms and death is a complete fraud.** There are many other causes of flu, such as chemical toxins in the air, water, food and soil, radiation effects of EMF, 5G and HAARP and chemtrails and weather modification technology.

Some Important Questions:

- * From Feb'22 to Aug'23 why were there no new virus out breaks?
- * Did Coronavirus or others across the world forget how to mutate every 4 months?
- * Will they remember how to mutate when Bill Gates and Anthony Fauci flips the 'On' switch?

7) IMHC's Worldwide Challenge – Prove that Coronavirus causes Covid Flu

In the spirit of scientific enquiry, the Integrative Medicine & Healthcare Committee www.integrativemedicinecommittee.org on 2nd Jan'23 put out a challenge and reward of Rs.1,00,000 to anyone in the world who can prove with irrefutable scientific evidence that SARS Cov2 or any of its variants cause the Covid Flu / Symptoms.

Some medical institutions claimed they isolated it (whole virus) and put it in injections and injected some people and half of those people got the Covid Symptoms. **But isn't that Medical Fraud?** Bypassing the several defence layers of human skin and the body's immune system as well, and delivering a pathogen directly into the blood stream? **Is this how people got the Covid Flu?**

So the request is to please provide non-fraudulent scientific steps and evidence on our page in the comments section www.integrativemedicinecommittee.org/covid-cause

Each person making a scientific evidence based claim on the above page, will get a new page on our website for their full dialogue with us, so that it happens in the public domain for everyone to validate. IMHC India will review their submission and ask for its scientific demonstration first. If the demonstration passes our scrutiny and gives the result, then we will ask 3 well known medical institutions in India to demonstrate the same result.

If it is science, then it should be reproducible, isn't it? This is how mere claims get verified as facts. If you are right, your reward is assured. If the virus is not causing the Covid Flu, then what is? This position paper on Covid explains it.

Isn't it shocking that no one has been able to take up this challenge till date, proving that there is no evidence of SARS Cov2 or any of its variants causing Covid Flu / Symptoms?

It is Time to Demand Action and Expose the Fraud

As a citizen of India who is affected by this virus scam, please demand that the Indian Council of Medical Research and All India Institute of Medical Sciences and the Ministry of Health and Family Welfare do these tests and prove that the virus exists and it is truly what is causing the Covid sickness. If it can't be proven, then the Coronavirus existence is completely unscientific and false and the Government of India has unfortunately been manipulated to follow fraudulent protocols dictated by the CDC and WHO and other institutions which are in the business of fake disease manufacturing on the behest of Big Pharma Mafia.

The Gold Standard – So called 'Viral Culture Test'

The 'Gold Standard' Viral Culture Test is also not like a routine bacterial / fungus / yeast culture test where extracts from sample mediums like stools, urine, blood, saliva, nasal mucosa are taken from an infected person and placed it in a growth culture, where the organism count multiplies on its own to be clearly identified under a microscope. But this process is not followed for viruses. Instead, virologists claim they isolate the virus and inject it into living cell lines in a laboratory along with adjuvants (chemicals that cause cellular toxicity) to create cellular damage and this process is what facilitates multiplication of viruses.

But since virologists state that the virus enters our cells on its own and then multiplies in them causing cell damage and then goes to infect other cells, thus, if it were truly a virus that was injected into the cell lines in the lab, it should have used up the cell lines matter to multiply, causing cell damage and then cell death, further moving into other cells to repeat the process, all on its own, without the help of any adjuvants (toxic ingredients in the vaccines such as aluminum hydroxide). But this damaging reaction does not happen when vaccine adjuvants are absent, proving that either the virus is not present to multiply and cause cell damage, or that viral protein matter exists, but it does not do any harm to the cells.

The starving of cells lines (via minimal essential medium) and the addition of vaccine adjuvants (toxic chemicals), into them is actually a scientific malpractice that causes toxic cellular damage. This is followed by cellular repair that expels protein matter called 'exosomes' (extra cellular vesicles) which are a natural byproduct of cellular repair. The problem is such exosomes from cells are photographed by high powered microscopes and wrongly labeled as viruses. We all understand basic biology that no wound heals without a waste by product. A brown scab that gets formed on an external wound of the body is a similar protein secretion of the body and it is a by-product of the healing process. When the wound heals completely, the scab falls off. Then it has no life of its own to move around, multiply or infect anything or anyone, because it is just a bunch of dead exosomes.

The expulsion of viral protein matter from the human body is not something new. Ever since the first living organism on this planet went through an injury event that resulted in sickness, followed automatically by a repair cycle, protein material called exosomes or viruses have been shed from

the body as a natural by product of the repair cycle, just like how you have a dried scab fall off a wound on your foot after its healing is complete.

To further drive the point home: German biologist Stefan Lanka proved through experiments that the same cytopathic effects (toxic cell death) are observed in cell lines in the laboratory with just the addition of adjuvants, (without the removal of nutrients), and without the addition of an isolated virus or viral fragments. It proves the fact that adjuvants are solely responsible for the damage of cells, which cause the expulsion of protein debris (exosomes) from the cell in its attempted healing process. It is this protein debris which is expelled by the body while undergoing the healing process, which they are calling a “virus”. Thus the dis-eases of the body they have attributed to viruses for close to a century are only the natural expulsion of protein debris fraudulently called as viruses by them just to sell their profitable storyline that this damaging “organism” causes sicknesses which needs to be mitigated via a vaccine!

The infamous Louis Pasteur propagated a lie through his ‘Germ Theory’ that there is one germ for every “disease” just to help Big Pharma’s business of formulating a plethora of medicines to combat these germs. The truth is, as Pasteur finally admitted on his death bed, “It is not the germ itself, but the environment of the germ, which contributes the most to the causation of disease.” In this pandemic it is the actual ingredients (adjuvants) in the vaccine and toxins in the air, water, food and soil, radiation effects of EMF, 5G and HAARP and chemtrails and weather modification technology that are sickening people and thus causal factors of the numerous adverse reactions and actual deaths we are currently seeing. It is the polio vaccine adjuvants which caused 490,000 Indians to become paralyzed by polio vaccines and hundreds of tribal girls to become sick whilst 7 of them died from the HPV vaccines.

The biological science needs to be understood clearly – it all starts with an injury event to a living organism. The vector causing the injury can be a toxic energy field or a toxic substance or a solid material impact or a living infective organism. After the injury happens, healing is an automatic process, in which the living biological organism that has been injured uses its own biological material to patch up the injury. Once the injury is healed, the patch up material such as the external scab on the body is discarded. For internal injuries in the human body, it takes the form of yellow cells, as in the case of a mouth ulcer, which are actually cells of cholesterol made by the liver for cellular repair. That is why you see cholesterol in veins and arteries when they crack due to hardening. So when the injury is completely healed, the human body discards the excess protein material and this cellular debris is being collected and fraudulently labelled viruses.

Can it be True that Viruses Don’t Exist in the context we have been told?

The HIV virus has not yet been proven scientifically to exist. That’s why Dr.Stefan Lanka’s 1 million dollar reward for its proof still remains unclaimed by anyone across the world. Yes, people have died of AIDS (Acquired Immuno Deficiency Syndrome), which means dying from a weakened immune system due to infections acquired from another person. This was seen mainly in drug addicts who shared syringes, sex workers, and people with multiple sex partners and sickly people living in extremely unhygienic conditions. It was in 1992 that Paul Duesberg posed the fundamental question which was not answered then, and has not been answered till date - What is the evidence that the virus known as HIV causes the conditions known as AIDS?

Previous viruses have also not conclusively been proven to cause diseases like measles, rubella and polio. Sicknesses caused by unidentified bacterium have been mistaken for sicknesses by viruses. Many reports prove that the outbreaks for these diseases happened after their vaccines were administered to the public, once again proving that vaccines made people weaker which caused them to succumb to sickness. Similarly, across the world now, deaths from Covid Vaccinations have far outnumbered so called ‘Covid Flu’ deaths.

It is mind boggling as to why the common man continues to trust Big Pharma Mafia made vaccines, even after they have committed crimes against Humanity for the last 120 years.

German/American Advocate Reiner Fullmich, supported by over 100 lawyers and 1,000 doctors, biologists, scientists, researchers and therapists across the world, has instigated a Class Action Suit, suing the Davos Forum, WHO, CDC, Bill Gates and others for faking a Pandemic on the back of a non-existent virus, and for their gross Crimes against Humanity in terms of mandating a vaccine that has been tested extensively on animals for twenty years and killed all of them within five to six months – and was therefore shelved “permanently”.

All the high risk of dying comorbid patients across the world now, are products of the Big Pharma Mafia and their non-curative allopathic pills system. Besides making sicker people on this planet via their vaccines to profit their sickness business, they have collaborated with Telecom companies, Big Tech and Mainstream Media to dupe people into false narratives that propagate the Pandemic and keep people trapped in it.

Every person on the planet now who is popping allopathic pills to manage their chronic illnesses is a living testimony of the fraud by Big Pharma, yet many of these people are foolishly supporting the next global fraud of vaccines by these same companies that have kept them sick for far too long. It is tragic.

8) WHO's 4th Medical Fraud – Mandating the RT-PCR Test for entry to places

WHO mandated the RT-PCR Test or RAT every week on people entering places of work or service, which not only damaged their nasal cavities, but also inflicted mental trauma on them. Moreover, it did not stop anyone who got infected on Day 2 of the test up to Day 6 from carrying in the infection to these places daily. This put everyone at higher risk.

WHO should have instead implemented the safer medical practice of daily non-contact temperature and symptoms checks, which would have served as a much better real time defence.

Since the virus is air borne according to CDC and WHO, it will already be present within the premises for people to pass it onto each other during the day. Therefore, the safer real time medical practice for all work places, malls etc. would be to isolate anyone with a fever from the premises, based on body temperature readings. The other real time medical safety is to make a doctor available during working hours on these premises who can check any person reported with Covid symptoms, so they can advise them home isolation or the appropriate treatment. These far more diligent practices will have a much better result for all concerned, which can be followed everywhere.

What is disturbing is that the nasal test swabs used for the RT-PCR Test and RAT Test contain Aluminum Hydroxide, which is a known neurotoxin. The way the test swabs are inserted deep into the para nasal passages and twisted around, it causes abrasions in the nasal passages allowing Aluminium Hydroxide to penetrate the nasal mucus lining and go into the blood stream. This is absolutely criminal and it is actually being done to load more Aluminium into the body with every successive test, to make the human body electrically conductive to the 5G fields around the human body for human mind and body control purposes. This is further detailed in the section on Vaccines. There was absolutely no reason to go deep into the para nasal passages as samples could have been drawn from inside the nose itself or from snot or from saliva.

Indian Council of Medical Research in their paper dated 11th Aug'21 stated that doing these tests daily or even once in 3 days damages the para nasal passages and poses a health risk in itself..

New research has just revealed that many of the swabs have Mucomycosis (black fungus), which has become a dangerous development with people who have been hospitalized with respiratory conditions.

Experimental Physicist and Bio-Materials Researcher Professor Antonietta Gatti examined various PCR test swabs under a microscope and found that their fibers are made of tough materials and

contain a large number of nano-particles including silver, aluminum, titanium, and glass fibers, all of which are not declared on the PCR test package insert. Gatti said these fibers are as dangerous for human beings as inhaling asbestos and the swabs are dangerous for the nasopharyngeal mucosa. The glassy fibres, hard and brittle, can scratch the mucous membrane and create lesions. The bleeding is an indication of the invasiveness of the test. Repeated swab testing can produce chronic lesions. The release of fragments of the brittle glassy fibres can cause biological reactions such as granulomas and / or fibrosis of the tissue. These smears pose a risk to the health of infants and children. His article on this research is here <https://nutritrust.org/single-post/covid-pcr-test-swabs-are-as-dangerous-as-inhaling-asbestos>

9) WHO's 5th Medical Fraud – Stating that asymptomatic carriers infect others

WHO claimed without adequate scientific evidence that asymptomatic people infect others. This had not yet been proven by independent medical studies across the world. The ground reality that people across the world experienced also does not support it.

There is also no scientific evidence that asymptomatic people can infect others, yet the Center for Disease Control (CDC) as well keeps stating this in order to force RT-PCR testing on everyone and declare them Covid +ve with this test that is 97% false. We have always observed over the decades, that viral flu is passed onto others only after a person is 2-3 days into full blown symptoms. So there is no evidence as yet to state that non symptomatic people pass on infections to others. One gets symptoms only after infection is present.

10)WHO's 6th Medical Fraud – Mandating Un-Scientific and Harmful CABs

Health Experts from across the globe have consistently been criticizing the following un-scientific Covid Appropriate Behaviours (CAB) advised by WHO all throughout the Covid-19 Pandemic.

Masks did not prevent the virus from getting into people's mouths and noses, since it was proven that their pore sizes were several times larger than the size of the SARS Cov2 virus. Besides that, masking caused innumerable health problems to people, lowering their overall immunity www.awakenindiamovement.com/usage-of-face-masks-during-covid-19-a-treatise, with some studies suggesting they cause lung cancer as well www.awakenindiamovement.com/long-term-mask-use-may-contribute-to-advanced-stage-lung-cancer-study-finds

Hand Sanitizers were also found to be dangerous for health in the long term <https://mdpi.com/1660-4601/15/7/1440/pdf> and causing lung weakness too www.fda.gov/news-events/press-announcements/coronavirus-covid-19-update-fda-reiterates-warning-about-dangerous-alcohol-based-hand-sanitizers

Social Distancing made people fearful of each other. Regular family life and bonding was destroyed, and intimacy between couples was also compromised.

Besides restricting people's daily mobility and pushing them towards a sedentary lifestyle, Quarantines and Lockdowns www.awakenindiamovement.com/aim-statement-on-lockdowns deprived people of fresh air and sunlight that's is so vital for the manufacturing of Vitamin D, a vital hormone in the human body that is required for the functioning of various other vitamins and minerals in the human body.

All of these behaviors advised by WHO pushed people across the world into repeated cycles of irrational fear, isolation, starvation, sedentary lifestyle and consequently, ill health.

11)WHO's 7th Medical Fraud – Marking Non-Covid Deaths as Covid Deaths

WHO mandated diagnostic protocols in medical institutions across the globe that falsely marked most non-Covid deaths as Covid deaths, even though they did not have the classic influenza

symptoms before dying. As a result, patients who were not actually having COVID-19, but died of heart attacks, brain strokes, cirrhosis, cancer, tuberculosis and various other diseases, were marked as Covid deaths because of their false positive results from the RT-PCR Test.

Watch Dr. Lorraine Day's interview <https://youtu.be/Uo5QDBdGIJY> She once worked for the CDC, and also got an award for being the person who handled the most number of AIDS cases. She also reversed her Cancer 20 years ago. Someone like this is a person of great caliber. Hear what she says about all the viruses and the operations of the CDC. Also see how death from many other health conditions like pneumonia, bacterial infections, autoimmune diseases and chronic illnesses are being noted as COVID-19 deaths by instructions dictated to hospitals by WHO and The Center for Disease Control (CDC) and how they are monetarily incentivizing people across the world to say they have Coronavirus symptoms.

12)WHO's 8th Medical Fraud – Not mandating Informed Consent for Covid Vaccines

WHO did not mandate 'Informed Consent' for all the Covid-19 Experimental Vaccines. Every person was not informed in advance at vaccination centres, about both the contraindications of each covid vaccine and about its side effects. This violates International Law. Informed consent in writing was not taken from people before they received the experimental Covid-19 vaccines. The result is that it left people unaware that they could have prevented suffering the side effects of the vaccines, and that some of them should not have taken the vaccines at all, as it would be a threat to their lives. This resulted in millions of vaccine injuries and vaccine deaths across the world.

13)WHO's 9th Medical Fraud – Not mandating VAERS and AEFI

WHO did not mandate the VAERS (Vaccine Adverse Events Reporting System) in Europe or the AEFI (Adverse Events Following Immunization) system across other countries for every Covid vaccinated person, but left it voluntary. Many vaccination centres refused to accept complaints from vaccinated people regarding vaccine injuries, stating that their reported symptoms were not in the list of symptoms declared in the clinical trials of the vaccines. With the vaccines still in the experimental stages, how did WHO conclude that the clinical trials covered all the short term and long term side effects of the vaccines? Both these medical malpractices resulted in the gross underreporting of Vaccine Injuries and Vaccine Deaths across the world.

Vaccine Clinical Trials on just a couple of hundred people are only indicative of the performance of the vaccines in the immediate future. But after vaccinating millions of people in a couple of months across the globe, the real time data shows the true performance of the vaccines. At this time, vaccine clinical trials data needs to be completely disregarded, because the real performance of the vaccines replace it. Health professional contradicting this, are being extremely stupid or having vested interests in the vaccines or the companies that made them or in the depopulation program.

It has now become the duty of every Government in the world, to do a survey of the health status of all covid vaccinated people in the country to ascertain the true performance of covid vaccines that were formulated by Vaccine Companies for World Economic Forum's depopulation plan.

Researchers, who saw over 150,000 Covid-19 vaccine deaths listed on VAERS in Jan'21, discovered they had been deleted from the system a few months later. Finally VAERS was busted in Jun'21 for disregarding another 50,000 deaths, and a witness to the fraud has acted as a plaintiff in a court case.

14)WHO's 10th Medical Fraud – Unnecessarily mandating Covid Vaccines

WHO stated that the virus was transmitted only via contact in 2020, so they unnecessarily advised people across the world to wash their hands, fruits, milk packets, groceries, clothes and all other objects used in public places with soap before using them. In 2021 they switched their narrative to

the virus becoming airborne, and people were advised double masking to prevent the virus from the air getting into their nostrils and mouths, and this caused several health problems.

But does the virus in the open air or in the air-conditioning systems not fall on people's hands all the time and don't people infect themselves by touching their faces 30 times a day? Did the air borne virus not fall on our food being eaten 4 times a day and get into our bodies through our food? Then wasn't the advice of using a mask sometimes during the day completely useless?

So the virus did get into everyone, but most people did not get sick. Why was that?
This can only mean one of the following 3 things:

- a) The virus does not exist anywhere. That's why people did not get sick from it.
- b) The virus is everywhere, but harmless to all. So we need not bother about it.
- c) The virus is harmful, but since we did not get sick from it, we have all reached 'Herd Immunity'.

Then why did WHO force the Experimental Gene Altering Covid Vaccines on all nations?

15)WHO's 11th Medical Fraud – Misleading people about Superior Vaccine Herd Immunity

WHO replaced the previously well-established scientific fact of how 'Herd Immunity' is acquired, which protects the whole community, by saying vaccine induced immunity must be chosen as the way to herd immunity. It pushed this propaganda in spite of the proof that natural herd immunity is reliable and permanent, whereas vaccine induced immunity is not. Scientific studies show that naturally acquired immunity from infection is 27 times stronger than vaccine induced immunity and longer lasting as well www.medrxiv.org/content/10.1101/2021.08.24.21262415v1. Thus Covid Vaccines as an instrument of protection from the virus were completely fraudulent.

As per article "Pressing need to revise the COVID-19 vaccination strategy in India" by Dr. Sanjay Kumar Rai, Shashi Kant and Shreya Jha, Centre for Community Medicine, AIIMS, New Delhi www.ijpsm.co.in/index.php/ijpsm/article/view/500/325 the following points were made:

- 1) Global data strongly suggests that majority of us will get COVID infection even after vaccination.
- 2) Natural infection provides better and longer lasting protection (may even provide lifelong immunity).
- 3) Based on the available evidences, we can say that there is no additional benefit of vaccination in COVID recovered individuals. Actually, it may cause harm due to few known and unknown severe adverse events following immunization.
- 4) Most likely, Herd Immunity will be achieved primarily through the natural infection and not by the existing vaccines. Naturally infected individuals have much lower chance of getting re-infected and therefore less likely to further transmit compared to vaccinated group.

16)WHO's 12th Medical Fraud – Suppressing Successful Treatments

WHO suppressed other drugs and natural alternatives across the world that proved to be more effective in curing the Covid Flu, such as Ivermectin, Naturotherapy and the 3-Step Flu Diet by Dr. Biswaroop Roy Chowdhary. The National Institute of Naturopathy's audit report to the AYUSH Ministry of India, reported it to be an excellent treatment for the Covid Flu with a 100% success rate. Yet its nationwide and worldwide rollout as the best treatment was suppressed by the Pharma Lobby in India and WHO.

The Government of India allocated Rs.39,000 Crores in FY 21-2 and Rs.5000 Crores in FY 22-23 for procurement of vaccines while not spending a single Rupee for research on Therapeutics and Natural and Holistic treatments. After almost 3 years of learning and discoveries for how to combat Covid, it is clear that Covid is an easily manageable and treatable condition using safe, cheap and

effective medicines and healing modalities. A compilation of all such treatments can be found here www.awakenindiamovement.com/covid-cures

6 Eminent International Medical Experts, 81 Indian Doctors and 1557 Concerned Citizens of India wrote a letter to the Prime Minister of India on 30 Dec 2021 asking for the roll-out of vaccines to be stopped with an endorsement for treatment protocols / early treatment protocols with repurposed and proven drugs like Ivermectin, but it was unfortunately ignored in favor of WHO protocols www.awakenindiamovement.com/the-truth-of-covid-19-the-india-statement

17)WHO's 13th Medical Fraud – Prescribing Covid treatment protocols that killed people

WHO prescribed harmful medicines and medical protocols such as the drug Remdesivir that causes liver and kidney damage, and ventilators in cases where they should not have been used, causing lung collapse. Moreover, they tried to pass off the prolonged side effects of these medicines and protocols as a new disease they labelled 'Long Covid', which was mostly happening to Covid patients who were given their wrongly prescribed medicines and treatment protocols and also the people who took their Covid Gene Therapy Vaccines.

18)WHO's 14th Medical Fraud – Forcing Experimental Gene Therapy Vaccines

WHO did its best to enforce the Experimental Gene-Altering Bio-Weapon Covid Vaccines on all countries by fraudently marketing them as safe and effective. They forced many Presidents, Prime Ministers and prominent Doctors, Health Officials and Film Stars across the world to also propagate the same lie. But now it is common knowledge that none of the Covid Vaccines prevent anyone from getting the flu, neither do they prevent anyone from getting sick from the flu, neither do they prevent anyone from dying of the flu, and finally, they do not even prevent anyone from passing on the flu to others.

Instead, after 2 years of the Covid Vaccines performance, ground reports from across the world show that Covid Vaccines have only resulted in making people across the globe sicker due to more than 100 side effects including millions of deaths as detailed below.

Some of the side effects of ingredients in Covid Vaccines are:

Polysorbate 80 (present in Covishield, Covovax, Sputnik V)

- Infertility
- Anaphylaxis

Aluminum Hydroxide Gel (present in Covaxin, Corbevax)

- Seizures
- Osteomalacia (softening of bones)
- Encephalopathy (disease affecting brain functioning)
- Autism

Imidazoquinolinone (present in Covaxin)

- Chronic autoimmune disease (causing fatigue & joint pain)
- Increase in tumors leading to cancer

Phosphate Buffered Saline (present in Covaxin)

- Serious eye irritation

2-Phenoxyethanol (present in Covaxin)

- Skin Irritation and Rashes
- Eczema and Hives

L-Histadine (present in Covishield)

- Complications in case of folic acid deficiency

Magnesium Chloride Hexahydrate (present in Covishield, Sputnik V)

- Flares
- Pain
- Hypesthesia

Side effects of Covishield: • Headache • Fatigue • Muscle and Joint Pains • Fever • Chills • Nausea • Shortness of breath • Chest pain • Leg swelling • Abdominal pain • Neurological symptoms • Blurred vision • Blood spots beneath the skin beyond the vaccine injection site • Blood and lymphatic system disorders • Cardiac disorders • Congenital, familial and genetic disorders • Ear and labyrinth disorders • Endocrine disorders • Eye disorders • Gastrointestinal disorders • Hepatobiliary disorders • Immune System disorders • Metabolism disorders • Nutrition disorders • Musculoskeletal disorders • Connective Tissue disorders • Neoplasm disorders • Nervous system disorders • Pregnancy disorders • Psychiatric disorders • Renal disorders • Reproductive system disorders • Breast disorders • Respiratory and Thoracic disorders • Skin and subcutaneous tissue disorders • Vascular disorders

Side effects of Covaxin: • Breathlessness • Pain in chest • Pain in limbs/pain on pressing limbs or swelling in limbs (arm or calf) • Multiple, pinhead size red spots or bruising of skin in an area beyond the injection site • Persistent abdominal pain with or without vomiting • Seizures in the absence of previous history of seizures with or without vomiting • Severe and persistent headache with or without vomiting (in the absence of previous history of migraine or chronic headache) • Weakness/paralysis of limbs or any particular side or part of the body (including face) • Persistent vomiting without any obvious reason • Blurred vision or pain in eyes or having double vision • Change in mental status or having confusion or depressed level of Consciousness • Difficulty in breathing • Swelling of face and throat • A fast heartbeat • Rash all over the body • Dizziness and weakness.

Side effects of Corbevax: • Fever/Pyrexia • Headache • Fatigue • Body Pain • Myalgia • Nausea • Arthralgia • Urticaria • Chills • Lethargy • Injection site erythema • Injection site swelling • Injection site pruritus • Injection site rash • Injection site irritation

Some of the pronounced after effects of the Covid Vaccines are the number of miscarriages women are having and the reduction of sperm count in men. The trouble is that even our mainstream doctors did not question announcements from people like Bill Gates (who funds vaccines companies and the Global Alliance of Vaccine Immunization) where he said "If we do a reasonably good job of the vaccines, they will bring down the world's population by 10%-15%". Can anyone explain to them how vaccines bring down population when there are instead supposed to save lives and preserve the population?

A study published by Dennis G. Rancourt (PhD) titled "Probable causal association between India's extraordinary April-July 2021 excess-mortality" dated 06.12.22 <https://correlation-canada.org/report-probable-causal-association-between-indias-extraordinary-april-july-2021-excess-mortality-event-and-the-vaccine-rollout> gives 10 arguments as to why they conclude that the extraordinary mortality event was caused by India's vaccine roll out in early stages.

The early roll out caused deaths of 3.7 million residents on administering 350 million doses of the Covid vaccine between April-July 2021. India had one of the lowest per capita COVID deaths before the start of the COVID vaccination, and it had a huge jump in 60 days after the vaccination had started.

It is shocking to find out that diseases like cancer, heart and cardiac issues and other fatal illnesses have increased unprecedented after Covid Vaccinations. Doctors around the World are seeing cases of Turbo cancer as never seen before in vaccinated individuals www.thehighwire.com/ark-videos/is-the-covid-vaccine-causing-turbo-cancers.

One report shows an increase in deadly cancer by 143,233% www.expose-news.com/2023/09/22/us-gov-confirms-143233x-increase-cancer-cases-due-to-covidvaccination

The rate of heart attack / cardiac arrest has increased by a huge percentage throughout India. The RTI received from Maharashtra Arogya Seva Ayuktalay about heart attack data in Maharashtra for the year 2020-2021 and 2021-2022 (April to March), shows the following data:

18% increase in death due to heart diseases - 8,702 more deaths in the post vaccinated year 2021-2022 than 2020-2021.

32% increase in acute heart diseases including acute cardiac emergencies - 27,870 cases more in the post vaccinated year 2021-2022 (Vaccination started on 16 Jan 2021).

Unfortunately our doctors assume that miscarriages and infertility after the Covid Vaccines, is just an unintended side effect, when that couldn't be further from the truth. Most doctors in India and across the world are not even aware that it was USA's Kissinger Report of 1974 that launched the global program for reducing populations of 3rd World Countries such as India and Africa via vaccines, as advised by the 'Planned Parenthood' organization whose President was none other than Bill Gates father William Henry Gates, the Eugenicist. Eugenicists are people who believe they are a superior race of humans, so they devise various unlawful means to reduce the populations of other races on the planet, whilst making sure that their own race gets to positions of power and control, to dominate the rest.

Vaccine manufacturers and WHO officials also stated that the Covid Vaccine will at least reduce the severity of the Covid infection if a person gets it after vaccination, but this turned out to be just another blatant lie, because there were no scientific experiments or data to prove it. People have their own innate immunity to fight the virus, and this fact was what they tried to hide in the media.

In the west, this became apparent in 2021 within 3 months of administering the covid vaccines, when embalmers (not doctors) noted the excess amount of deaths in vaccinated people. They discovered when taking the blood out of deceased vaccinated people before replacing it with embalming fluid, spaghetti like synthetic protein strands, as long as people's legs and sometimes as thick as the little finger. They even had to poke 4 holes in the bodies of the vaccinated to drain out their blood in place of the just the normal 1 hole in the neck. It was apparent that these blood clots were caused by the covid vaccines. Unfortunately, this now well known cause of vaccination deaths in India has mostly remained undetected as dead people's bodies are immediately buried or cremated, not embalmed.

It has become clear that the so called 'long covid' was only vaccine induced sickness, because it mainly happened in the vaccinated people only, and the multitude of people who 'died suddenly' died due to these long and thick blood clots in their veins and arteries which had developed undetected when they were alive.

People across the world are grossly unaware of the number of Covid-19 vaccine deaths and injuries, and that's the only reason they assume they are safe.

The information of over 100 different types of covid vaccine injuries is also provided on WHO's VigiAccess website. On www.vigiaccess.org scroll down to end of page and click 'I understand' in the checkbox. Click Search Database, type in Covid-19 Vaccine, click Search and select which Covid-19 Vaccine injuries you want to analyze.

A letter to Dr. Rajiv Bahl, Director General of Indian Council of Medical Research detailing the 18,000+ Sudden Deaths in India, post Covid Vaccinations www.awakenindiamovement.com/letter-to-dr-rajiv-bahl-director-general-of-icmr was emailed and hand delivered by a group of civil society members including Ambar Koiri, AIM National Steering Committee member. The following demand was made in the letter - A timely warning from ICMR about sudden deaths (Heart attack and Blood

Clots) in all age groups due to Vaccine side effect will save lakhs of lives, as doctors will start advising Indian Citizens about the same and public in general will be aware of this fact and will start checking their D-Dimer levels, just as how countries like Japan have already warned their citizens in 2021.

All of this work done by WHO is now being seen as ‘The World’s Biggest Act of Genocide’ and it was done by an organization that was supposed to do the opposite – make people healthier and save lives.

19)No Evidence of a Pandemic

Only a small fraction of the human population actually succumbed to severe or fatal consequences from Covid-19. The majority of human beings who contracted Covid-19, have been able to fight it off, and subsequently build natural immunity to it, which include producing antibodies as well as priming the acquired immunity to better handle future infections from not only the same but also other similar virus strains.

As on 18/08/2021, India had 3.2 Crore cases and 4.3 Lakh deaths and a recovery rate of 98.76% for a total period of 18 months. www.google.com/search?q=covid+deaths+in+india

As on 18/08/2021, the World had 20.9 Crore cases and 43.94 Lakhs deaths and a recovery rate of 97.5%. www.google.com/search?q=covid+deaths+in+world&client

The important fact to note is that the infection rate of any disease is scientifically decided in terms of RKnot value. Now it is proved that RKnot of Covid is 2 to 2.5, which is the same as of Common Cold / Common Flu. But the RKnot value for TB is 15, which means that infection rate of TB is times 7 higher than that of Covid, also meaning that an infected TB person can infect 7 people. With this condition prevalent in India for years and 15 lakh TB patients in India every year, with no PPE Kit, no isolation, no mask and no social distancing, TB or any infectious disease was never called as a Pandemic. Therefore Covid-19 has no basis for being labelled a Pandemic in India.

Until people hit their seventies, all age groups have Covid-19 survival rates well over 99%:

0-19: 99.9973%
20-29: 99.986%
30-39: 99.969%
40-49: 99.918%
50-59: 99.73%
60-69: 99.41%
70+: 97.6% (non-institutionalized)
70+: 94.5% (institutionalized and non-institutionalized)

"With every new study, with every new paper, the ‘deadly’ pandemic gets less and less deadly." Across all countries, the median IFR in community-dwelling elderly and elderly overall was 2.4% (range 0.3%-7.2%) and 5.5% (range 0.3%-12.1%). IFR was higher with larger proportions of people >85 years. Younger age strata had low IFR values (median 0.0027%, 0.014%, 0.031%, 0.082%, 0.27%, and 0.59%, at 0-19, 20-29, 30-39, 40-49, 50-59, and 60-69 years). The related study concluded that the IFR of COVID-19 in community-dwelling elderly people is lower than previously reported. Very low IFRs were confirmed in the youngest populations. www.medrxiv.org/content/10.1101/2021.07.08.21260210v1

18 Questions by Awaken India Movement asked of Dr.Randeep Guleria, Director, AIIMS

Dear Sir, in the present scenario of tremendous confusion on the Covid crises and crass commercialization of the mainstream medical establishment in India, that is causing tremendous distress, loss of lives and loss of livelihoods affecting the entire country, we seek answers / clarifications from you, as head of India's premier medical institution, to the following questions / pointers. Kindly share credible evidence in support of your statements, so that we may have a clear understanding.

1) In 2020, "Covid-19" was declared as Pandemic in India on the basis of: (a). WHO declared it a Pandemic on 11th March'20. Does mere declaration by WHO that a pandemic has come, binding on the Government of India without confirming the same by its own research institutions, concerned scientists and referring to domestic studies? (b). Did any public funded medical authority/institution in India give its consent to declaration of a pandemic and health emergency and subsequent measures of mandatory mask and social distancing, lockdowns and then vaccine coercion in the country, linking it to travel and attending educational institution campuses?

2) Has the SARS-CoV-2 virus been isolated in purified form anywhere in India by any public funded institution, to measure its genetic sequence and study its nature and features? Have these researchers found/received this Virus in isolation? Can this isolated virus be produced by AIIMS Delhi for public scrutiny?

3) Has the purported novel virus SARS-Cov-2 been proved via Koch's or River's postulates or following scientific processes of causal relationship along with statistical correlation?

4) Is Face Mask safe and effective w.r.t. to Covid-19? Has any study been done by any public funded institution in India to prove that masks are safe and effective w.r.t. to Covid-19?

5) Has any study been done by any public funded institution in India to prove that 6 feet physical distancing is effective?

6) Is sanitizer safe and effective to prevent Covid-19? Has any study been done by any public funded institution in India to prove that sanitizer is safe and effective w.r.t. to Covid-19?

7) Has the clinical trial for emergency approved Covid Vaccines in India completed its phase 3 clinical trial for making it mandatory and coercive in public interest?

8) If in a clinical trial the control group participants are given one or more adjuvant or any other vaccine as a placebo, then can it's safety data be deemed reliable? Here the adjuvant or the vaccine being given as placebo has its own proven set of localized as well systemic reactogenicity.

9) Are all Covid Vaccines being approved in India fit to be declared as a Vaccine or are in fact Gene (manipulation and modification) Therapy as per classic medical definition?

10) What is the efficacy (in absolute terms) of the Emergency Use Approval Covid-19 Vaccines in India?

11) Please cite and refer peer reviewed medical study/studies (for each Covid Vaccines) on the basis of which it is being stated that the Covid Vaccines are safe for: (a). Comorbid not using any medication or are on some prescription drugs. (b). Age groups: 18-45; 45-60; and 60 above. (c). Lactating mothers. (d). Pregnant ladies. (e). Baby as foetus in the womb of his/her mother under 20 weeks as well as over 20 weeks. (f). Those in the reproductive age group who want to reproduce in future. If there does not exist a peer reviewed study on the basis of which safety cannot be established for any one or more of the above conditions, then is it bio-ethically correct to state that the Covid Vaccine is safe for the above conditions?

12) When it has been proved that natural immunity against Covid-19 is more robust and long-lasting than the immunity (if any) from the Covid Vaccine, then: (a). Why do those recovered from Covid-19 (symptomatic or asymptomatic) need Covid-19 Vaccine? (b). If the most recent serological survey conducted by ICMR says that more than 2/3rd of Indian population above 6 years have gained natural antibodies against Covid-19, then why do Indian population need Covid-19 Vaccine to attain herd immunity if it is being achieved naturally as is being proved by consecutive serological surveys?

13) All Covid Vaccines produce artificial spike protein in the cells of human body which the world over is being responsible for localized as well systemic reactions as mentioned in the scientific paper by Salk Institute of USA, which is proving to cause blood clots leading to heart failure and brain strokes including other organ failures. So, has AIIMS Delhi conducted any study on the side effects of these spike proteins on the human body? If not, then as a premier medical research institute of India, will AIIMS Delhi take this responsibility to prove or disprove in a time bound manner, the safety of spike protein produced by the Covid Vaccines on human blood and organs?

14) Does a positive report in Covid RT-PCR testing prove that there is presence of pathogenic Covid virus in the body? If not, why is it being used as a Gold Standard test for Covid-19? Please reply with citations and references.

15) Third Wave of Covid-19 will come, is this based on assumption or scientific and empirical study? Please reply with citations and references.

16) Covid Vaccines will end Covid or provide herd immunity - is this based on hope or any scientific and empirical study? Please reply with citations and references.

17) With respect to Covid Vaccines, the statement/submission being made that - the benefit outweighs the risk. Is this statement based on assumption or scientific and empirical study? Please reply with citations and references.

18) With respect to Covid Vaccines, the statement / submission being made is that the Vaccine is protecting people from severe or fatal Covid-19. Is this statement based on assumption or scientific and empirical study? Please reply with citations and references.

20) Covid-19 Vaccines are being used to Sicken People and Depopulate the Planet

To know how dangerous vaccines are and to see how they have been stealthily introduced into our healthcare systems over the decades by bypassing mandatory safety testing procedures, please watch the following documentaries and videos. The Truth About Vaccines 2020 Roundtable hosted by Ty & Charlene Bollinger, where some of the world's most eminent virologists and microbiologists and doctors and healthcare professionals have explained these details.

Read the official reports from government bodies on websites such as www.altcensored.com. See the video by Dr. Annie Bukacek Dr Scott Jensen www.altcensored.com/watch?v=s4ZzZFQ7wwY of how there is no real test for COVID-19 and ordinary viral flu symptoms are wrongly being used by WHO to classify a person as COVID. These videos also disclose how vaccines have killed millions of people over the decades – more than they have actually saved. In fact, RF Kennedy Jr. won a Supreme Court case in the U.S. in 2019, proving that all vaccinations since the 50's have never been properly tested on humans.

The Covid-19 injections are not actual vaccinations by any legal definition. Instead of being like a normal vaccination where a very low dose of the biological pathogen is injected, which is meant to stimulate the immune system to fight back and overpower the pathogen and thus enable the healing process (which is also not a scientifically proven science), the current so-called Covid-19 Vaccines contain toxic materials such as aluminum hydroxide (to make you electrically conductive

to 5G), graphene oxide (which can act as a neurotransmitter to control your mind when paired with 5G), mercury, immortal (cancerous) human fetal cells, fetal bovine (cow) serum, nanobots and nano particles, hydrogel quantum dots and the so claimed 'spike protein' that is supposed to continuously manufacture spike proteins in the human body in order to achieve an immune response from it.

Numerous scientists claim that it is the spike proteins that are causing the most damage to the immune system. They further state that spike protein cells have been found to attack the immune system rather than make it stronger. Thus this experimental mRNA gene manipulation injection, seems to cause irreparable damage to our DNA, causing infertility and further innumerable serious side effects such as nervous system disorders, neuralgias, partial facial paralysis, tremors, walking problems, blood clots, bleeding disorders, premature menstrual bleeding in young girls and even babies, thrombosis, excessive hair fall, autoimmune and allergic reactions; antibody-dependent enhancement of disease and sudden unexplained problems a person never had before in their life.

21)Vaccines - Big Pharma's bigger money making scheme targeting everyone.

The people that give you allopathic pills for diabetes for example, do not cure your diabetes with their pills, so your diabetic condition gets worse over the years, needing higher doses of the medication. This is so, because they only treat the symptoms of diabetes and not its underlying causes. What is worse is that the diabetes medication in the long run weakens your liver and kidneys, giving you high blood pressure, which in turn necessitates some new medication. Similarly, pharma companies are giving you their Covid-19 vaccines now, but as is evident across the world, these vaccines do not prevent you from getting Covid. Instead, they make you progressively sicker and prone to their new "delta" or "omicron" variant that needs booster doses of the vaccine and other medication too, to manage the side effects of these vaccines.

In contrast, natural medicine practitioners actually help you reverse diabetes through corrections in diet, herbal cleanses and lifestyle changes. Before Covid, Pharma Companies were making money of sick people from the age of 30 years and onward. But since Covid, Pharma Companies are trying to impose vaccines on all age groups to widen their income streams, even though it is evident that the Covid Vaccines have failed completely and do not serve the purpose. This is the very same sickness creating and money making model as allopathic pills for chronic illnesses and it is high time people see this medical fraud and oppose it vehemently.

The Covid Pandemic while destroying livelihoods and incomes of the common man via lockdowns resulted in windfall profits for Pharmaceutical and Vaccine manufacturers along with Authorities and Regulatory Bodies which are mired with conflicts of interest. Serum Institute was touted to earn USD 4 Billion (Rs. 32,800 crores) in 2 years through their Covid vaccines while Bharat Biotech was expected to earn Rs. 22,500 Crores in profits over the course of the pandemic. SII makes up to 2000% and Bharat Biotech upto 4000% in profits per Covid Vaccine dose.

22)Employers, Governmental and Educational Institutions Illegally mandated vaccines

Over the last 2 years across the country we saw letters and notices from institutions or agencies trying to force people to get vaccinated. This is unlawful, as the Ministry of Health and Family Welfare in India states the Covid-19 vaccines are voluntary. We all have a right to refuse this grotesque medical experiment which is purely voluntary especially because a large number of people are getting vaccine injuries or dying from them with every passing day. We all have the right to use effective natural medicine protocols to heal ourselves, and also protect our body from any harm or genetic manipulation.

There are no studies or data to confirm a drop in transmission from Vaccination. In fact, there has been a large spike in positive cases since the vaccination drives began. The Covishield Vaccine is the same as the AstraZeneca Oxford vaccine, which has been discontinued, and even banned in 16 countries. Why is this not considered before carrying out mass vaccination with the same

Covishield in India? If you received injuries from these experimental vaccines, why has the vaccine manufacturer not compensated you for it? Why have the families of vaccine death victims not been monetarily compensated for their deaths?

Did you know that the Experimental Covid Vaccines have not been approved by the FDA? And by taking these experimental vaccines, you have agreed to be a test subject for a genetic experiment that has never been done on Humanity before? Such experiments on people are banned by The Nuremberg Code. Before you take the vaccine, please read the contraindications written on the paper insert in the vaccine box to know if you are allergic to the vaccine. Only then sign the informed consent form before receiving the vaccine. If you actually read the ingredients and do some research, it is unlikely you would still sign on to take such an obvious bio-weapon. The Ministry of Health and Family Welfare states that the vaccines are voluntary and Courts in India have ruled that these vaccines cannot be forced on anyone. So anyone in India who is forcing the vaccine on you is actually committing a criminal act that is punishable by law.

23) Why most people did not get severe damage from Covid-19 Vaccines.

It has been found now that less than 1% of the vaccines being administered all across the world actually contain lethal toxic ingredients. What this means is that 99% of people at any point in time, profess that they just got the flu for a couple of days after the vaccination and no other side effects or health issues. But very healthy people who got the vaccines containing lethal toxic ingredients begin to report its severe side effects within 10 days.

24) Millions of people cured themselves of the Covid Flu at home

Millions of people across the globe tackled the Covid sickness with rest, healthy food, sunlight exposure, supplements and natural medicine and their immune systems have already made the right antibodies during their healing phase, which science says are much stronger and last longer than any vaccine induced antibodies. So such people do not need the vaccine at all and they have the right to refuse it. The reason most of these people were able to fight Corona on their own at home with no need of any medicine, is because they were not comorbid patients, meaning that they were not taking allopathic medicines as they have no chronic illnesses, so their natural immunity was good enough to fight Corona and they have come out of it stronger and they easily have the capacity to fight any “virus variants” as well.

The human body makes specific antibodies for specific germs or toxic substances or radiation damage. As claimed, the vaccine spike protein cannot evoke the exact same antibodies as the human body that naturally responds to the Covid symptoms attack. The proof of this is that people are getting Covid symptoms even after getting the vaccinations and some are even dying from it, whereas this is not happening with people who healed from Covid naturally. If the Covid Vaccines were making the right antibodies, no vaccinated person would die after 1 week, because their body would fight off the infection within a week with the help of the immune system B cells, T cells and the antibodies. Therefore all deaths after 1 week of vaccination are deaths from the damage of their so claimed ‘spike proteins’ or from the other lethal toxic ingredients in the vaccines.

The people who follow natural remedies have a higher chance of survival and the people with comorbidities have a lower chance of survival. The people who have taken vaccines have an even lower chance of survival than the aforementioned, so it is the people with comorbidities and vaccines that have a lesser chance of survival. The evidence of this is being experienced now amongst people all across the globe. The vaccines will only make people sicker over time because of the toxic ingredients in them. People on allopathic pills for other illnesses like high bp, cholesterol, diabetes, etc. are becoming more affected, because of the occasional synergistic reactions between the toxic vaccine ingredients and the chemicals in their allopathic tablets. This is visible now with many people across the world getting very sick and some dying within the first three days after vaccination and still more within three weeks after the vaccination.

Millions of people in India and across the world have healed themselves of Covid using Naturopathy, or Nature Cure, or Homeopathy or the AYUSH Protocol for Covid, or the N.I.C.E. Protocol for Covid, or the Functional Medicine approach, so they now have the right antibodies that medical experts state are stronger and last longer than vaccine induced antibodies.

25) Alternative Medicine treatments for Covid-19 approved by the Govt. Of India.

1. Ministry of AYUSH protocol for management of mild COVID-19. Moderate to Severe COVID-19 Individuals - This protocol is approved by the Chairman, Interdisciplinary Committee for inclusion of Ayurveda and Yoga in the management of mild COVID-19 and approved by the empowered committee of the Interdisciplinary AYUSH Research and Development Taskforce on Covid-19, both constituted by the Ministry of AYUSH.
2. NISA (NATURAL IMMUNIZATION SUPPORT ALLIANCE) Covid-19 Protocol.
3. Dr. Biswaroop Roy Chowdhury's 3 Step Flu Diet N.I.C.E Protocol which has successfully treated 60000 + individuals with zero Medicine / Money/ Mortality. Survey conducted by Natural Institute of Naturopathy (under Ministry of Ayush) about NICE protocol which concludes that - Nature Cure Therapy was successful as a regimen for the COVID cases. This can serve as a model for the successful handling of all mild to severe cases of COVID and also as a preventive intervention in all future cases.
4. Anandaiah's Ayurvedic Herbal Medicines.

The above Covid-19 Treatment Protocols are detailed the document titled 'Scientific Evidence of the Plandemic' on Awaken India Movement's website at

<https://awakenindiamovement.com/topics/legal/important-documents-letters>

26) The Shedding of Dangerous Spike Proteins from Covid-19 Vaccines

The Covid-19 vaccines have several toxic adjuvants in them like Aluminum Hydroxide, Imidazoquinolinone and 2-Phenoxyethanol that cause cellular damage upon vaccination, and the resultant repair by the immune system causes the shedding of viral particles (exosomes), proving the fact that the so called 'illnesses' they have been blaming on viruses (exosomes) for the last century, are in fact the result of the cellular damage from adjuvants in vaccines.

The 'Spike Protein' being used in the Covid-19 vaccines is a GMO (Genetically Modified Organism) as stated in their vaccine insert paper, and since it is not a natural material for the human body, it is damaging the cells of the human body and therefore causing the expulsion of unnatural exosomes as part of its healing process, like the previous polio vaccinations making unvaccinated people in the proximity of vaccinated people sick. As Dr. David Martin states, the current Covid-19 "vaccine", does not meet the actual definition of a vaccine. Instead, it is truly gene modification technology that continuously expels pathogens inside the human body and it has no 'off' switch, resulting in permanent damage to our DNA.

Its resultant effect of 'Vaccine Shedding' is now increasing across the globe, with the deaths of so many airline pilots, causing Myocarditis in teenagers and extensive menstrual bleeding in thousands of women, as well as young girls worldwide who only came in contact with vaccinated teachers. The damage in terms of serious side effects and actual death from these vaccines is already several times more than all previous vaccinations put together.

27) Treatment Protocols for Spike Protein damage

- a. Recommended protocol by Dr. Peter McCulloch as explained in his video
 - i. Natokinase 2000 units twice a day
 - ii. Bromalin 500mg once a day
 - iii. Circumin 500mg thrice a day
- b. Chlorine Dioxide has also been used by many across the world including Dr. Susan Raj in India, and it has been very beneficial.
- c. 2 mg Nicotine gum for 6 days or 7mg Nicotine Patch as advised by Dr. Artis in his video.
- d. Chelation Therapy has also shown good results with some covid vaccine victims.
- e. A nutrition protocol from David Avocado Wolfe <http://bit.ly/SpikeProtein> to protect those who've been injected with any of the Covid 19 vaccines. The same protocol is useful to protect the unvaccinated who are concerned with the spike protein shedding coming off family or friends who've been injected. Imbibing food with shikimic acid is the key to health along with a total diet clean up: stop all use of non-native wheat, white rice, white sugar and animal products. Indians are advised to take saunf (fennel) with meals and Triphala which are readily available.
 - Zinc (30-80mg per day depending on immunological pressure)
 - Vitamin D3*
 - Lypospheric Vitamin C (30ml, twice daily)*
 - Quercetin (500-1000 mg, twice daily)
 - Iodine*
 - PQQ*
 - Pine Needle Tea for shikimic acid or shikimate (from green edible pine needles) There are toxic pine needles, be careful! When drinking pine needle tea, drink the oil/resin that accumulates too! Shikimate, shikimic acid and their derivatives possess: cancer fighting, antiviral, antimicrobial, anticoagulant and antithrombotic properties.
 - Fennel and/or Star Anise Tea: These are also an excellent source of shikimate or shikimic acid (which is known to neutralize the spike protein)
 - C60, or Buckminster Fullerene (1-3 droppers full per day): One of the issues we are seeing with those who have been injected is disturbances in their energetic field (magnetism) and hot spots of inflammation. C60 is a rich-source of electrons and acts like a fire extinguisher to inflammation and simultaneously (because it bio-distributes throughout the body) drives a normalization of electron flow throughout the body. In this category, two products are available, the traditional C60 product* is made by yours truly and the C60 SuperConcentrate* is made by a carbon scientist friend of mine and contains a higher concentration of electrons.
 - Charcoal (2-4 capsules a day): Charcoal is the pre-eminent detoxifier and when taken on an empty stomach, works its way down into the intestines and activates a blood purification process known as "interstitial dialysis". The Kohlbitr* product is the premier activated coconut charcoal in the world and we also now offer the more gentle birch charcoal.*
 - Citrus fruit (especially blood oranges, due to their high hesperidin content — hesperidin is a chalcone like quercetin that deactivates spike protein)
 - Peppermint (very high in hesperidin)
 - Wheatgrass and Wheatgrass Juice (blades are high in shikimate)
 - Super herbs to help disable spike protein:
 - Schizandra Berry* (high in shikimate)
 - Triphala formulations: In Sanskrit, the word Triphala means "three fruits": a combination of Indian gooseberry (*Emblica officinalis*), black myrobalan (*Terminalia chebula*) and belleric myrobalan (*Terminalia belerica*). The terminalia fruits are rich in shikimate.

St. John's Wort (shikimate is found throughout the entire plant and in the flowers)
Comfrey Leaf (rich in shikimate)
Feverfew (leaves and flowers are rich in shikimate)
Giant Hyssop or Horsemint (Agastache urtifolia) (rich in shikimate)
Liquidambar (Sweet Gum tree) A tea of the spiky seed pods is rich in shikimate.

28) What really made people sick before the Covid Vaccines were launched?

So what is causing the symptoms of dry cough, fever, body pain, extreme fatigue, loss of taste & smell, diarrhea, breathlessness, frequent urination, mucus secretion from the eyes, etc.?

Everyone gets the flu once or twice a year when the seasons change and they know it gives them fever, body ache, fatigue, cough & cold, loss of taste & smell, etc. for 5-6 days. This is simply the human body going through a rebalancing & detoxification phase to rebalance its internal environment to match the sudden external environment change of the season and in this process the body expels exosomes (protein debris as a by-product of cellular repair) wrongly labelled by doctors and virologists and medical institutions as viruses that damage the human body. Anti-viral drug manufacturers support this storyline, so that they can manufacture antiviral medications to increase their business.

Every experienced and honest doctor has said this over the decades to all of us – “There is nothing you can do about the seasonal flu. No antibiotic and no antiviral medication that I can give you will stop your flu. Just rest at home, hydrate yourself, take minerals & supplements and eat light food and you will be fine”. And we all know this to be absolutely true.

The important point to note here is that you cannot avoid the seasonal flu that happens when our external environment changes, and no medication is required to heal from it.

Now, what have the doctors indirectly told us by the above? **Simply that there is no germ to kill.** That is why no antibiotic or antiviral medication will work. Meaning that seasonal flu is not caused by any living organism or dead organism like a virus. It is just the body rebalancing itself from environmental changes. The symptoms for this detox are body pain, sore throat, cough and cold, flu and lastly, loss of taste and smell - simply because the body does not want you eating anything and engaging its digestive system, since it is investing all its attention and resources in an emergency mode, to rebalance all your body systems.

So what is actually going on when someone comes home from work with the flu and passes it on to other family members in a couple of days? Is a germ infection being passed on? No, it is their strong detoxifying sick aura that is projecting itself across the room and inducing the energetic field of other members in the family to undergo the same detox. Auric and etheric field scans of the human body, by machines show that our bio-electric fields extend up to 10 feet away from us in all directions. Generally, family members have the same levels of toxicity from similar food, similar surroundings, same levels of stress, and same bad lifestyle habits. This is why isolating a person who has a flu prevents others in close proximity for longer durations from getting the same effect. This very same body field induction mechanism is responsible for the effect of ‘Herd Immunity’.

29) The Real Culprit - Toxic Frequencies in our Environment

Every time the Telecom MHz / GHz went up on this planet, whether it was during the onset of Radio, Sonar or during the 2G or 3G or 4G telecom revolution, the Biosphere (the magnetic, electric & ionic fields around the Earth) has undergone a higher shift. This is a permanent change in our external environment, which forces all human bodies on this planet to go through a process

of intense cellular recalibration and cellular repair, followed immediately by the expulsion of cellular debris as part of the healing process, which takes the form of cellular protein excretions (exosomes). This results in a large number of people getting the typical symptoms of fever, body aches, cough & cold, sore throats, fatigue, etc. When the rollout of a new G Wave system is made to coincide with a seasonal change, an even higher number of people get the symptoms to an even higher degree, and this is the time when the pharmaceutical industry and its associated scientists project a 'Pandemic' onto the world, just to help sell more antivirals and vaccines.

Each time this happens, they show the world the picture of a new exosome that the body creates, specific to the nature of the G Wave radiation damage and cellular repair, but they call it a virus and give it a new name. What harmless protein the human body creates to protect itself, Big Pharma labels as the villain they need to fight, so that they can make a business out of protecting us from it, when this is not required at all.

But now, due to the dense high frequency 5G radiations that are changing the biosphere all over the planet with every new 5G mast that goes up, its radiational damage to the human body is forcing people into a 14-21 days sickness and detoxification cycle. It is such a deep detox that very weak immunity people cannot survive it. Autoimmune condition people or people with chronic illnesses who are on allopathic medicines (comorbid cases), are the weakest group of people to handle this long detox because their immune systems have been compromised with allopathic medicines. The constant 5G field presence is causing chronic low level inflammation in the lung tissues, digestive tract tissues and blood flow system, killing the weakest people first. The next high risk group are people over 70 years because they commonly have weak lungs, hearts, livers and digestive systems. The people who survive this phase develop enhanced DNA that can now adjust to the permanent 5G field. It is a similar process to that which happened when 3G and then 4G was installed all around this planet, but these installations caused just a 5-6 days sickness that most people survived.

No doctor, no biologist, no virologist and no scientist on the planet has explained till date, how viruses now suddenly give us a 14-21 day sickness and in some cases a 'Cytokine Storm' causing death, instead of a 5-6 day flu they used to give us till just 2 yrs back. What has changed so dramatically in the DNA and behaviour of the Novel Coronavirus to produce a result 300% harsher than its predecessors? All the pictures of the 'Novel Coronavirus' look similar to previous corona viruses (exosomes) excreted by the human body.

The deep 14-21 day severely sick conditions being experienced by people are the characteristic of 5G radiation, because nothing else has dramatically changed on this planet in terms of its environment in the last 2 years, except the progressive worldwide rollout of 5G that is in progress. In India, telecom providers were already receiving 5G at their receiving stations in November 2019, which they supplied to their clients via fiber optics as Faster 4G Cabled Internet. It should therefore, be completely stopped before more weak people across the world die. 5G was never the need of any citizen in any country, since 4G or even 3G was meeting the needs of people. 5G is just another new business being forced upon consumers for higher profits of Telecom Companies and Equipment Manufacturers to implement a 24 hours video surveillance system mounted on 5G poles at close proximity, by Governments to monitor, control and suppress people, without any permission for this from the citizens themselves. Governments are formed by the people and to serve the people's needs and not to dominate and monitor and control and suppress people.

30) Damaging effects of invisible radiation on the human body:

1) One of many such videos, showing how the military has locked onto human skin frequency and shot radiation waves at people standing at a distance <https://youtu.be/kzG4oEutPbA>. If they increase the beam power, a person's entire body skin can get burnt in a minute. Changing the radiation frequency can damage various internal cells of the body as well, and projecting a low dose field over a longer period of time can cause internal inflammation in tissues which will result

in a flu and other symptoms such as body pain and cough and cold and loss of taste and smell, mimicking the Covid Flu.

2) A 9 year old video showing how they kill human cells with EMF https://youtu.be/1w0_kazbb_U
The video first shows how microorganisms are destroyed with frequency. It then shows how human cancer cells (not much different from normal human cells) are destroyed with invisible frequency radiation between 100 KHz and 300 KHz.

Similarly, the continuous radiation from 5G towers and satellites in the sky is causing inflammation in the tissues of the lungs, intestines and other organs of the human body. When this happens, the human body perceives a microbial pathogen attack and increases the body temperature to kill the pathogen and this results in fever and the other Covid symptoms of body ache, loss of taste and smell and fatigue. It takes the human body 7-14 days on average to fight this and upgrade its DNA and energy body to adapt to this new 5G radiation.

The Repercussions of Frequency Poisoning

During this time, if a person has parasites within their body like the Pneumonia or Tuberculosis bacteria, they begin to multiply rapidly since cellular immunity has been compromised and weakened. This results in rapid full blown pneumonia or other pathogen multiplication causing the 'Cytokine Storm' which has killed people across the globe over the last year. If anti-parasitic drugs like Ivermectin or Hydroxy Chloroquine are started in the first 2-3 days of such infections, the parasites get killed and the Cytokine Storm is averted and the person survives. This is why we have thousands of testimonies across the world of Ivermectin saving lives. It is because over 50% of the population has some parasite or the other in their body, but these parasites are normally kept in check and do no harm in a healthy body with good immunity / terrain.

But in some cases, where the person does not have much parasitic load, but they are on allopathic medicines for autoimmune conditions or chronic illnesses like diabetes, high bp, cholesterol, heart disease, rheumatoid arthritis, thyroid, etc., there have been cross reactions between emergency drugs like Remdesvir and Midazolam, making patients further immune compromised, leading to a rapid deterioration of the lungs and oxygen absorption, which lands a person into the ICU and on the ventilator, killing millions across the globe. The claims of new virus variants around the globe are nothing but different sickness symptoms that people's bodies respond with when subjected to varying 5G frequencies. Killing microorganisms with small electric frequency machines such as 'electronic zappers' and killing human cells with electromagnetic radiation as used in cancer treatment, is a 50 year old science and nothing new for scientists, but the common man is completely shocked to know that these technologies are now being used by Big Pharma with the help of Big Tech, to sicken people for the benefit of Big Pharma business.

At the 3G level which afforded quite ample connectivity, there were increasing reports every year of serious blood clots, brain tumors and deaths of infants who were too close to routers. 4G brought with it increased infertility as it disturbs the water in our bodies and has the effect of weakening the outer coating of a human egg sometimes allowing two sperms to enter. This has caused deformed children, sometimes with two sexual organs, but overall, a decrease in human fertility.

31) What are Doctor's Missing?

Doctors are purposely not taught the very important science of Magneto biology, the science of how electromagnetic frequencies affect the body. So they have no clue that many of the symptoms that people are experiencing are actually symptoms of 5G poisoning in the interstitium (the space between our cells) coming from satellites and lumes (balloons which hover high up with 5G technology which are used to cover rural areas). One poignant example of this phenomenon is the millions of birds that died last year.

Thousands of birds died in Australia simply falling out of the sky. Birds went crazy at a parking lot in Dubai where a 5G tower had been put up. In Japan when hundreds of birds dropped out of the sky in Tokyo, a veterinarian took three dead birds to his lab and did their autopsies. He discovered they all had ruptured lung cells, the symptoms of human and feline corona virus which he claimed is absolutely impossible for birds to get. Birds have a faster metabolism than humans so it is understandable how they died so quickly.

Meanwhile, the Davos Group behind the World Economic Forum has focused on using frequencies to kill Humanity. This started in 1918 with the so-called Spanish flu. It actually started in Kansas in the U.S. where American soldiers were given some vaccine and sent into the trenches in Europe in WWI. At the same time, radio frequencies were introduced for the first time on Earth. Human bodies were bombarded with this new frequency and millions died. In the 1940s another radar frequency was introduced and another pandemic occurred. In the late sixties the Hong Kong flu followed along with another new frequency. Thousands died but no pandemic was declared. And so it went on with HIV, Bird Flu, Sars-Cov-2, etc.

When 5G is operated at 60 Giga Hertz; it disrupts the hemoglobin in our blood's ability to transfer oxygen from our lungs into our cells. This is exactly what caused most of the breathlessness last year for people with false positives, having symptoms of a disease. With 5G, it is not that people are not getting enough oxygen into their lungs; it is just that the oxygen doesn't go further into their cells, thus causing severe breathlessness. Almost every person in one hospital in New York who had these symptoms died last year when they put them on ventilators which stressed their lungs which were not the problem. The one person who survived had the gut reaction to pull the ventilator out. Several brave nurses and doctors exposed this travesty, but were quickly censored. In the same way, millions of Chinese likely died, millions of birds also died in the south western U.S. last year, as did many birds in Kerala. Ignorant biologists thought they had "bird flu" which might endanger humans, so they killed off more of the unfortunate birds in Kerala.

The key places where "Covid" hit worst last year such as Italy and New York, had already installed 5G. This includes Wuhan where Ben Fulford, the ex-editor of Forbes magazine shared a CIA report which mentioned there was a huge array of 5G receivers which were turned on just after vaccinating the population with flu shots which were loaded with aluminum dioxide turning their bodies into antennas to receive an unprecedented blast of the 5G frequency from space satellites. The next day there were two huge bonfires seen from satellites near Wuhan with the chemical signatures of burning human bodies. It seems 21 million people near Wuhan simply disappeared off of their cell phones that day.

32) Damage from 5G towers in India

Dubey from Jafrabad Village in India reported that 32 people from his village suddenly died, including his wife. Most of them were between forty and fifty years old. When the villagers started suspecting 5G and enquired with authorities, they came to know that a 5G tower had been installed in their village in the last twenty days. They were completely unaware of the installation. The villagers said that deaths were taking place only in their village. None of the neighboring villages were affected. They are emphatic that it is not related to Corona, because since the Corona issue came up last year, for one year, the villagers didn't notice any unusual deaths happening. They warned the authorities to take down the tower within two days or they would burn it down. They are demanding that the 4G tower be reinstalled.

For more details on the damages of 5G to the human body, please refer to our document 'Scientific Evidence of the Plandemic' on Awaken India Movement's website at www.awakenindiamovement.com/topics/legal/important-documents-letters

33) Why comorbid people are a large % of the population dying during Covid

Comorbid people are people who take allopathic pills to manage chronic illnesses such as diabetes, high bp, low bp, cholesterol, thyroid, arthritis, obesity, acidity, fatty liver, gout, constipation, migraine, chronic fatigue, digestive disorders, asthma, sinusitis, pneumonia, bronchitis, heart disease, kidney disease, lung disease, hormonal imbalance, infertility, backache, chronic fatigue, autoimmune diseases, etc.

In the 1920's a group of businessmen lead by John D Rockefeller, decided to make a business of health by promoting and creating allopathic medicines to tackle the chronic illnesses of the time such as acidity, headaches, digestive disorders, body aches & pains, cough & cold, immune system disorders, etc. But their first problem was how to get people to leave their traditional natural medicine systems such as naturopathy, healthy diet, herbal detox, herbal medicine, acupressure, acupuncture, yoga, breath work, meditation, bodywork, sound, music & dance therapy, essential oil therapy, energy healing etc. so they would buy allopathic pills instead?

So they designed cheap chemical pills that could be popped anytime of the day to suppress sickness symptoms, so people got a convenient escape from their slower acting traditional medicine systems. Ease of using the pills was the main carrot people fell for, as they do today as well. Unfortunately, people did not have the sense to realize that the pills were not curing any of their illnesses permanently, but only making their sickness symptoms go away. If a person stopped taking the pills, the illnesses would come back again and so the person was forced to buy their pills again and again. This ensured the continuous and ever increasing revenue for the medicine manufacturers as the populations grew.

Besides that, many of their medicines caused side effects over longer periods of usage and new organ dysfunctions or damages or new illnesses would crop up from their use that needed further medication, and therefore any person who was surviving on their allopathic medicine system would end up using at least 3-4 of their medicine pills over time. So unwisely, people chose to pop more pills and gave them money each time for adding further toxic suppressants to the body's now immune compromised system. In this process, The Rockefellers and their ilk, became very rich over the last 100 years - the trillion dollar pharma industry of today, which has earned the name 'Big Pharma Mafia' because of the unscrupulous way in which they made their business across the world grow, constantly blocking competition from natural medicine systems and defaming them as well, with the help of their money and power.

Till the turn of the 20th century, medical practice was equally divided between allopaths (also known as doctors, who used chemical drugs & surgery to alleviate sickly conditions) and homeopaths / naturopaths (also known as empirics, who healed holistically by simulating natural immune response for healing). During the early 1900s competition between the two groups was very stiff, and to build a lobbying body, doctors (allopaths) combined to form the AMA (American Medical Association) in the USA. At this point of time some new medical methods were discovered which included petroleum based synthetic pharmaceutical drugs which would be extremely profitable to John D Rockefeller, owner of the Standard Oil Company, the world's largest petroleum manufacturer.

Realizing the lucrative nature of allopathic medicine, Rockefeller, combined with industrialist Andrew Carnegie, and financier J.P Morgan, invested huge sums of money to finance and fund research exclusively in allopathic medicine, and funded the setting up of allopathy based medical schools in all major US universities (in particular the Rockefeller Institute for Medical Research, Johns Hopkins University & Carnegie Mellon University etc. which have been very active in manufacturing the bogus narrative of this Plandemic), in order to win university academia over to allopathy. This step was also crucial towards creating an assembly line of university educated doctors who only practiced, researched, and recommended allopathic techniques and completely rejected any other approaches to medicine.

Rockefeller also activated the bought and paid for media houses (which the industrialists essentially controlled) to influence public opinion against anything but allopathy, to the extent that Rockefeller even lobbied the US Congress to officially designate homeopathy & naturopathy as quackery. Within the span of a couple of decades homeopathy & naturopathy were completely crushed and marginalized, and have since been completely overwhelmed by the general public's addiction to toxic pharmaceutical drugs and vaccines; an addiction which the corrupt pharma industry, setup by Rockefeller and his industrialist cronies, has been all too happy to serve. A curious point to note that that John D Rockefeller himself only always consulted a homeopathic doctor for all his health issues right up to his death!

As the number of natural medicine practitioners and teachers across the globe started growing over the last 40 years in reaction to the sharp rise in iatrogenic (physician caused) disease, people started to heal once again from of chronic illnesses with the help of naturopathy, diet & nutrition, herbal detox, herbal medicine, acupressure, acupuncture, yoga, pranayam, breath work, mudras, meditation, bodywork, sound, music & dance therapy, essential oil therapy, energy healing etc. and perhaps over 100,000 natural medicine practitioners across the globe have helped over 100 million people cure their various chronic illnesses with natural medicine and helped them live medicine free lives. This proved that those allopathic medicines were never needed in the first place.

We may know many such people in our circle of family and friends who have done this, so we know this is a matter of fact. To this day, allopathic medicines do not cure chronic illnesses and the majority of people in the world have not yet realized that they have been deceived for the last 120 years. Such is the caliber of the modern man, who has no clue of the even deeper and larger deception by Big Pharma and its associates, like the CDC and WHO that have manufactured this Plandemic and its unnecessary vaccines. It may take the common man another 100 years to figure what is going on now, but unfortunately this time it includes a depopulation plan as well, so he may not even be around to experience his late realization. Countless allopathic medicines have been banned over the decades because they cause organ damage and make the human body more sick and dysfunctional over time instead of repairing it.

With millions of people switching to natural medicine over the years, the amount of allopathic medicines being bought worldwide over the last 20 years has dropped drastically and this has seriously damaged the incomes and businesses of all pharma companies across the world. Due to their mounting losses, some of the big pharma giants who mainly control this global business have formulated a new model of permanent income to sustain themselves, and this new model of business is vaccines. Just because the incomes from child vaccinations are not enough for them to remain profitable and to meet their business expansion plans, adults are now being targeted by making vaccines the solution for new viruses that do not really exist.

But The Lies March On

All the proof and testimonies of these deaths are there on alternate media channels and not the fake mainstream media channels. The Prime Minister of India as well as the Ministry of Health said the vaccines are 100% safe. Now because of the thousands in India who have died from Covid vaccines, we know that they have lied and are just saying what CDC & WHO and Vaccine Manufacturers are forcing them to say.

Currently we are experiencing a push by recently hired, "frontline workers" recruited by the Indian government to push the vaccine agenda through the village Panchayats. If the government personnel or the new hirelings were truly informed as to the actual ingredients in these injections, they would realize their moral and legal culpability for the severe adverse reactions and deaths they will and are certainly causing. Each individual must use due diligence.

The vaccine for 'Swine Flu' was halted after it caused less than 100 deaths worldwide. The non-stoppage of the Covid-19 vaccine drives after so many worldwide deaths clearly points out to the

fact that financial gains for vaccine companies along with other devious agendas of Eugenicists and big tech and mainstream media misinformation are forcing the vaccine drives.

Awaken India Movement (AIM) has been sending the following details of Covid Vaccine deaths covered by mainstream media and social media in India to various governmental authorities of the country since the last 2 years. There are 18500+ reported in the media & lakhs of unreported deaths (murders) since the Covid vaccination drives began in India.

Over 400 Athletes DEAD from Cardiac Events in a matter of months.

<https://twitter.com/DiedSuddenly/status/1700190977342791975?s=20>

Funeral Director John O'Looney from UK says that Covid is a Global Scam.

He and his wife and helper without masks or other protective Covid gear washed the dead bodies of hundreds of so called 'Covid Death' bodies and cremated them too, and they did not get Covid till date. He said this interview that the virus does not exist! www.rumble.com/vmlz42-funeral-director-john-olooney-blows-the-whistle-on-covid.html

John said that all deaths in 1st wave were the usual yearly deaths and not from Covid and that most deaths in the 2nd wave were vaccinated people. He also said that all delta variant deaths are from vaccine reactions and the lies on this will never end, as they fake variant after variant. 45 Funeral Directors told him of the same situation they were facing, so it's not just his word. He confirmed that people are being deliberately killed to depopulate the planet and warned that children are being targeted now and if the common people don't stop this genocide, nothing else will.

John's testimony is one of the thousands of real testimonies about the truth of Covid. Mainstream Media is spewing fake news daily at the behest of The Globalists. It's time to dump them and go for news on the ground from real people who care.

As has become the norm nowadays, a couple of Big Pharma funded Fact Checker websites notorious for fake debunking of real news tried to say that they could not verify John O'Looney's story, but thankfully he is now part of a high level 16 member group in talks with UK Parliament about the Global Pandemic Fraud.

What will it take for People to finally Wake Up?

A Freedom of Information (FOI) request made to MHRA reveals adverse reactions to the Covid-19 injections are 17.5 times higher than adverse reactions to all other vaccines combined since 2010.

That's how deadly the Covid-19 vaccines really are. <https://dailyexpose.co.uk/2021/08/14/f-o-i-request-reveals-adverse-reactions-to-the-covid-19-injections-are-17-5-times-higher-than-adverse-reactions-to-all-other-vaccines-combined-since-2010>

After taking Covid injection, 82% pregnant women got spontaneous abortion within 20 weeks of pregnancy. Here is the reference study: <https://www.nejm.org/doi/full/10.1056/nejmoa2104983>

Dr. Peter McCullough, one of the most highly cited physician in the USA, on the early treatment of COVID-19 stated in an interview that the virus is not spread asymptotically. That is, only sick people give it to other people. Therefore, we should stop testing symptomless people. That just generates false positives – creating extra ‘cases’ and extra concerns. ‘There shouldn’t be a single person on Earth that should undergo an asymptomatic test or a test done on a routine basis. People ought to just walk past these testing stations. They have absolutely no standing whatsoever.’ Also that natural immunity is robust, complete, and durable. It cannot be improved by vaccination, or any other method. A person who has developed immunity after exposure to the virus is at minimal risk of becoming seriously ill again from Covid. Where apparent cases of that kind have been reported, a misinterpretation in the test procedure has been responsible. Even with loosely defined cases, 11 studies involving 650,000 individuals showed a long-term recurrence rate of only 0.2%. ‘Someone who is naturally immune can walk up to someone who has Covid-19, get a big cough in the face, and they are not going to get the illness.’

A new study from Israel, one of the most vaccinated countries in the world, claimed that “fully vaccinated” people are 27 times more likely to get infected with Covid-19, and 8 times more likely to require hospitalization, than those who are unvaccinated and have the natural immunity that comes from catching the virus and recovering from it. So why are people being fear driven by the media to take this Covid injection, when thousands of doctors are protesting against it worldwide? (In India: Indian Doctors For Truth, and internationally, The International Doctors Alliance with over 10,000 members!)

Over the last 65 years, the different pharma companies have paid out literally billions of dollars to the families of vaccine damaged and killed victims in numerous courts and countries, so they clearly do not have a benevolent motivation. No more died in 2020 from “Covid” worldwide than from the flu in any given year, but at no time has there been the sheer number of side effects and deaths as in the past few months, which graphs worldwide for each country, show clearly begin with the roll out dates for the improperly labeled “vaccinations”. This is comparable to the results of animal tests in which all the test subjects eventually died.

For 20 years researchers have done extensive animal trials on this same experimental mRNA vaccine. In all cases 80% of the animals suffered immediate adverse events and 1% died immediately. Within five to six months, all the animals died. Because of this, all trials were discontinued permanently. So why give it to our children now?

In the U.S., which started injecting these vaccines at least six to eight weeks before India, the statistics were the same as with the animal trials with the first three million Americans who took the jab: 80% had immediate adverse reactions and 1% or just over 3,000 people died immediately. Now over one third of Americans, who have not been properly informed by the mainstream media,

or 130 million people have taken the jab and thousands of accounts of severe side effects are pouring into social media sites, of both the vaccinated, and more importantly, of unvaccinated family members and co-workers who are forced to be in close range of the vaccinated. 30,000 unvaccinated women responded with their own accounts of having double periods, post-menopausal women bleeding excessively, pregnant women having miscarriages, men with swollen testicles and generally unvaccinated spouses of the vaccinated suffering from excessive blood clots, dizziness, fainting, headaches, fever, severe bruising and numerous variations of pulmonary disorders due to the toxic transmissions coming from their vaccinated spouse. We can thus assume if we compare with the 20 years of animal tests: 104 million people in the U.S. (80%) of these have had immediate adverse events and 1.3 million (1%) died immediately.

Recently on the border of Madhya Pradesh and Maharashtra, tribals at a large Panchayat gathering of many villages were told they should take the Covid "vaccination". Skeptical, they declared only if the Sarpanches took it, would they consider. The Sarpanches agreed, but unfortunately several died the same day and the rest died within 8 days leaving all 21 dead along with 28 other villagers. Not far away in Madhya Pradesh in a different situation, three villages of tribals who were starving due to the fact that they couldn't purchase food this year for the dry season (because last year's lockdown prevented them from trading goods to purchase the needed surplus food), caused them to call on the government for help. The government responded, "If they agreed to take the "vaccination", each would receive a 50 kg bag of food". Only five were willing to take the jab in desperation for their starving children. Most likely, due to their lack of exposure to such injectable filth, all five died within one week.

34) Indian High Courts have ruled against Coercive Vaccinations

The Ministry of Health and Family Welfare on its website under the heading "Frequently Asked Questions on Covid-19 Vaccine" has stated that the Covid-19 vaccine is voluntary. The link to the FAQ's Ministry of Health and Family welfare (MOHFW) is as under:
<https://www.mohfw.gov.in/pdf/FAQsonCOVID19VaccineDecember2020.pdf>

Meghalaya High Court rules against Mandatory Covid-19 Vaccination. As in the case of PIL No.6/2021 filed by Registrar General, High Court of Meghalaya Vs. State of Meghalaya, in the High Court of Meghalaya, presided by Honourable Mr. Justice Biswanath Somadder, Chief Justice and Hon'ble Mr. Justice H.S. Thangkhiew, Judge who passed the order on 23rd June, 2021, overruling the state's attempt to mandate vaccinations.

In the Gauhati High Court matter Case No. : WP(C)/37/2020 of In Re Dinthar Incident versus State of Mizoram and 11 Ors, dated 2nd July 2021, the Honorable Mr. Justice Michael Zothankhuma and Honorable Mr. Justice Nelson Sailo, in respect of the following clauses of the Standard Operating Procedure (SOP) dated 29.06.2021

It has been brought to our notice that even persons who have been vaccinated can still be infected with the Covid virus and spread it to others. So if vaccinated and un-vaccinated persons can be infected by the Covid virus, and if they can both be spreaders of the virus, the restriction placed only upon the un-vaccinated persons, debarring them from earning their livelihood or leaving their houses to obtain essential items is unjustified, grossly unreasonable and arbitrary.

Clauses 5(2), 6(1) and 6(2) violate Article 14 of the Constitution by discriminating between vaccinated and unvaccinated individuals. Clause 6(1) and 6(2) violate the fundamental right of a person to practice any profession, or to carry on any occupation or trade or business under Article 19(1)(g) and his right to livelihood protected by Article 21 of the Constitution of India. Furthermore, Article 19(6) of the Constitution states that restrictions can only be made in the form of a law and not by way of executive instructions by the State Government via Executive Orders under the Disaster Management Act, 2005, curtailing the Fundamental Rights of the citizens that are protected by the Constitution.

We hold that the restrictions placed upon unvaccinated individuals vis-à-vis vaccinated individuals in terms of Clause 5(2), 6(1), 6(5), Serial No. 31 & 42 of Annexure-3 of the SOP dated 29.06.2021 are arbitrary and not in consonance with the provisions of Article 14,19 & 21 of the Constitution. The said impugned clauses are interfered with, to the extent that the allowances available and given to vaccinated persons in the above clauses shall also be made equally applicable to unvaccinated persons. The State respondents are accordingly directed to issue a corrigendum of the SOP dated 29.06.2021 at the earliest incorporating the above directions.

High Court of Manipur at Imphal, PIL No: 34/2021, Dated: 13/07/2021 ruled - the State cannot seek to impose conditions upon the citizens so as to compel them to get vaccinated, be it by holding out a threat or by putting them at a disadvantage for failing to get vaccinated. Restraining people who are yet to get vaccinated from opening institutions, organizations, factories, shops, etc., or denying them their livelihood by linking their employment, be it NREGA job card holders or workers in Government or private projects, to their getting vaccinated would be illegal on the part of the State, if not unconstitutional. Such a measure would also trample upon the freedom of the individual to get vaccinated or choose not to do so.

High Court of Guwahati, Itanagar Bench, PIL No. 13/2021, Date: 19/07/2021 - There is no evidence available either in the record or in the public domain that Covid-19 vaccinated persons cannot be infected with Covid-19 virus, or he/she cannot be a carrier of a Covid-19 virus and consequently, a spreader of Covid-19 virus. In so far as the spread of Covid19 Virus to others is concerned, the Covid-19 vaccinated and unvaccinated person or persons are the same.

Supreme Court of India's decision in Common Cause v Union of India (2018) 5 SCC 1 - A person has a right to choose medication of his choice.

As in the case of Writ Petition No. 9773 of 2020 (GM-RES-PIL) as per Article 226 of The Constitution of India, dated 29th September, 2020, filed by A. Varghese & Dr. Priyanka Arora versus Union of India via MOHFW and via Ministry of AYUSH, Commissionerate of Health and Family Welfare Services, Govt. of Karnataka, ICMR, Council of Scientific & Industrial Research Ministry of Science & Technology, Govt. of India, wherein the Honourable Karnataka High Court Chief Justice Mr. Abhay S. Oka and the Honourable Justice Mr. Ashok S. Kinagi ruled against the mandate of Allopathic treatment for Covid-19 via the revised Standard Operating Procedure for CCC dated 20-07-2020 issued by Commissionerate of Health and Family Welfare Services, Govt. of Karnataka to allow howsoever chooses, to use Ayurveda as a treatment modality for COVID-19.

As in the case of YOGENDRA KUMAR versus INDIAN AIR FORCE & 1 other(s), the High Court of Gujarat at Ahmedabad via R/Special Civil Application No. 8309 of 2021 presided by Honourable Mr. Justice A.J.Desai and Honourable Dr. Justice A. P. Thaker passed the order on 22nd June, 2021 that - no coercive action shall be taken against the petitioner, who is at present not willing to take vaccine.

70% of the Covid-19 deaths in the UK have been among vaccinated people, and not the unvaccinated people as falsely claimed by UK Prime Minister, Boris Johnson
www.theexpose.uk/2021/09/09/fact-check-boris-bbc-sky-news-lie-about-unvaccinated-death-rate

The Covid-19 injections have caused 18,856 blood disorders, 14,727 cardiac disorders, 160 birth defects, 19,513 eye disorders including blindness & 236,355 nervous system disorders including paralysis & stroke, as reported to the MHRA <https://dailyexpose.co.uk/2021/09/02/uk>

Dr. Jacob Puliyeel, a former member of the National Technical Advisory Group of Immunization, filed a Public Interest Litigation in Indian Supreme Court, followed with an Additional Affidavit stating - Vaccines are Not Effective, Mandatory Vaccination is Unconstitutional and Against Individual's Rights, Scientific evidence that natural immunity being long-lasting and robust as compared to vaccine immunity, Vaccines do not prevent infection or transmission for Covid-19 and are not effective in preventing against infection from the new variants, Serious adverse events are

being reported in India and globally from the Covid 19 vaccinations, Healthy children are almost at no risk of serious disease from Covid-19, Administering experimental vaccines to children, about which no medium or long term side effects are known is unethical and irresponsible. Corruption of more than 80,000 Crores in issuing circulars of compulsory vaccination and restrictions on entry to local train, malls etc. Indian Bar Association, Awaken India Movement demand immediate arrest of accused Bureaucrats and Ministers.

The safest persons today are those who have recovered from Covid-19 and if any relaxation can be given should be given to them first. The Vaccinated people are not in the safe person's category. But the vaccine mafia gave bribe in thousands of crores to the ministers and bureaucrats and for issuing circulars, directions and orders for giving relaxations in train, mall etc., only to vaccinated people. <https://vaccinemiafiamexposer.blogspot.com/2021/09/corruption-of-more-than-80000-crores-in.html>

So what is really behind all These Lies?

This is the same experimental DNA technology which is being pushed by Eugenicists Anthony Fauci, George Soros and Bill Gates and the entire Davos Group as a part of U.N. Agenda 21 through the CDC and WHO which receives most of its massive donations from both The Bill and Melinda Gates Foundation and the CCP (Communist Party of China). The CCP is being used by the Davos Group to push the technocratic takeover of the Earth by 2030. All 5G grids are meant to be in place, but concentrated in all the cities to take full control of the population who will be fully microchipped by the "vaccinations" if the globalists have their way.

This is all a part of U.N. Agenda 21/2030 to depopulate the world by 7 billion people by 2030, also referred to as "The Great Reset" by Klaus Schwab of the Davos Group. On the Georgia Stones where this plan is literally laid out in stone, it states we need to depopulate the Earth until there are only 500 million humans left. The 500 million humans who survive this planned vaccination/5G holocaust are being set up to be turned into trans-humans. Any intelligent person, who has done a proper survey of the current natural resources of this planet viz a viz consumption of populations in a holistic, collaborative, non-polluting, eco-friendly, renewable sources of energy based model of living, knows that this Earth can easily host up to 10 billion people. Therefore, they also know that the 500 million target of The Globalists is a complete lie and complete propaganda in order to have just that population size which can be completely under their control.

The ultimate goal of The Globalists and the Billionaires Club of each country is to severely cull the population they call "useless eaters" with the 5G frequencies, the mRNA vaccinations, the toxic PCR tests and starvation. The vaccinated are all chipped with no freedom from control by the grid. Whomever doesn't die will be moved into the new smart cities dominated by 5G, their own version of Soilent Green Food, and the Elon Musk electric cars that will not be allowed to be driven outside of the cities if The Globalists have their way. They want to replace currency with a cryptocurrency system to control who gets food to eat.

These Globalists who have been manipulating almost every government on this planet through their money and corporation cartels, have over the last decade also been mortally afraid of the rising number of people across the world who have realized that their governments do not work for their benefit anymore, and these people have therefore been agitating to bring down their corrupt governments and reinstate the true people's governments for good governance. The Globalists have also realized that people have understood that much of the entire money system is fake and not backed by real assets, and their fake global banking system is on the verge of a collapse. So these Globalists have strategically devised the 5G system to have towers with video cameras in close proximity to enable a police vigilant state to control the people against their will. Knowing well that the rollout of the 5G internet system will cause the Covid symptoms of which millions will

suffer and die, they had to place its blame on something unseen, which they labelled as the Covid-19 non-existent virus. Through the virus excuse they are mandating Covid-19 vaccines containing toxic ingredients, which will kill even those people whose bodies adapt to the new permanent 5G field, till the population reduces to 500 million. Their devious crime must be stopped now.

35) Other aspects that weaken the Immune System and give people Covid Symptoms:

1. Masks
2. Sanitizers
3. Social Distancing
4. Lockdowns
5. Chemtrails
6. Toxic Air
7. Stress
8. Sedentary Life
9. Malnutrition due to Denatured Soil
10. GMOs
11. Processed Foods
12. Toxic Body Products
13. EMF

• Masks

RTI reply by ICMR stated that the size of the Sars-Cov-2 virus is 70 - 80 nanometer, i.e. less than 0.08 microns, whereas the pore size of standard surgical masks is from 0.3 micron to 10 micron. This means that anywhere between 4 to 125 coronaviruses can go through each pore of a mask. This clearly proves that masks are a scam and they are useless to prevent infection by the SARS-Cov-2 virus.

Wearing these masks has been demonstrated to have substantial adverse physiological and psychological effects. These include hypoxia (decreased oxygen intake leading to inadequate oxygen supply at the tissue level), hypercapnia (increased carbon dioxide intake leading to too much carbon dioxide in the blood), shortness of breath, increased acidity and toxicity, activation of fear and stress response, rise in stress hormones, immune suppression, fatigue, headaches, decline in cognitive performance, and predisposition for sickness, chronic stress, anxiety and depression.

Long-term consequences of wearing masks include deterioration in overall health, development and progression of chronic diseases and premature death. Wearing of masks also leads to inhalation of all sorts of toxins present in them such as micro plastics, PolyTetraFluoroEthylene (PTFE), cobalt, nano particles and nanobots, among others.

The Ministry of Health and Family Welfare in India also admitted in their paper on 3rd Set'21 that prolonged use of masks (especially N95) has been found to cause headache, worsening of acne, skin irritation, skin eruptions due to pressure effect, etc.

From the outset of the 'lock down' and restrictions, face masks were forced on the entire population with a great majority of healthy people. This is altogether contrary to even WHO guidelines on the use of face masks, which had been used as guidance in April 2020 by the MoHFW, that masks were to be worn in specific settings and contexts and not universally, because they affect health negatively. WHO Guidelines dated 05.06.2020 where they have listed out potential harms and disadvantages including Breathing Difficulties (Hypoxia- Oxygen Deficiency), on the use of mask by healthy people. The wearing of face masks by infants, children and teenagers, who are physically more active than adults, is very dangerous, as they need high levels of oxygen to support their neurological development.

Another important point to note is that billions of masks are being used and discarded every day and billions of dollars are being doled out by governments to municipalities and institutions for combating this alleged “crisis”, yet we see no bio-hazard bins for the disposal of used masks, which should be very carefully collected and properly disposed of, because they should be containing the highly contagious virus. But no such diligence is being followed, and people use the same masks for days after keeping it in their cars, on the table, on the chair, in their hands, in their pockets, and all sorts of places, yet these infected masks cause no infection, once again pointing to the non-existence of the virus. It shows that the ongoing operation has nothing to do with health or any infectious contagion, but with an oppressive control system.

RTI replydt 27.05.2021 received on Masks clearly mention that wearing of masks is VOLUNTARY. RTI replydt 27.05.2021 received on Masks mention that no studies are available on the effectiveness and side effects on the use of masks by the DM Cell & MOFW. Guidelines from the Ministry of Health & Family Welfare MOHFW which clearly mention Healthy people are not to wear masks. Poster from Ministry of Health & Family Welfare MOHFW which says masks are to be only worn when sick and visiting the doctor. AIIMS - All India Institute of Medical Sciences booklet which says persons with no symptoms are not to wear masks.

- **Sanitizers**

Using chemical-filled hand sanitizers is a ridiculously dangerous activity which only leads to the removal of necessary microbes from people’s hands. This is one of the reasons people are falling sick as they have lost the protection offered by these microbes. The Ministry of Health and Family Welfare Guidelines state, that the use of sanitizers is not advised and that it can cause many serious allergies. WHO states that Alcohol-based hand-sanitizers do not guarantee the removal of all bacteria and viruses and can in fact cause the microbes to develop immunity and mutate into a more resistant variant. Sanitizers cannot kill Corona viruses because viruses are non-living.

With so many manufacturers coming out with these so-called personal care products, there are absolutely no checks and balances and what the consumer ends up getting is a cocktail of mostly poisonous chemicals. High levels of toxic methanol (wood alcohol) have been found in many brands. This causes blindness and even death if ingested. Symptoms of methanol poisoning include nausea, dizziness, weakness, and visual disturbances.

The toxic effects of Quaternary Ammonium Compounds (QACs or Quats) that are widely used as active ingredients in personal care products also does not make for good reading. Quats are lung irritants and can contribute to asthma and other breathing problems. They irritate the skin too – and can lead to rashes.

In addition, there is emerging science that is showing exposure to Quats is harming sperm quality and reducing fertility. It could also result in birth defects (proven in mice already). The other thing is that Quats will linger on a surface long after one has cleaned with them. Even DDT is used in certain sanitization drives by corporations. This is extremely dangerous as DDT is the cause of polio.

- **Social Distancing**

The two-meter distancing rule was conjured out of nowhere and this distance varies too from region to region making the whole exercise pointless. Also, from the variations one can easily deduce that this rule or guideline has nothing to do with promoting health or keeping people safe. A cough can spread droplets for 18 feet, and a sneeze can travel 24 feet!

This measure has been used by repressive governments against their prisoner populations as a measure to cause psychological harm. Social distancing / isolation was developed by the CIA as a form of torture:

1. It causes:

1. Depression

2. Insomnia
 3. Anxiety
 4. Suicidal thoughts
 5. Impaired brain function accelerated cognitive decline
 6. Reduced immunity to infection
 7. Poor heart function
2. Following social distancing/isolation rules is said to double the risk of death. It is, indeed, equivalent to being obese, smoking 15 cigarettes a day, and being an alcoholic.
 3. When social distancing/isolation was first widely introduced about 70 years ago, it was regarded as the ideal way to break down prisoners.
 4. People who are lonely have higher levels of the hormone cortisol, an indicator of stress; show weaker immune responses to pathogens; and are at increased risk for premature death.
 5. It caused more damage to Prisoners of War than physically abusing them or starving them.
 6. Distancing destroys the part of the brain responsible for learning
 7. Social distancing/isolation is a cruel and inhuman thing to do to humans. Indeed, it is a war crime.

People should be asked to wait 48 to 72 hours before occupying the same space that was occupied by someone else just a moment or two before. After all, as per the science, 'deadly' particles can hang and spread around for long periods of time. This simple logic should wake more people up.

The bottom line: According to Celest Solumb, ex-FEMA person, the actual reason for the 6 ft. distancing is to train humans to stand far apart so that when the 5G grid becomes fully operative, they will be able, through your microchip, to tell who and where you are. When three or four people are close together, they can't tell whether there are only one or several humans present.

- **Lockdowns**

The lockdown is the key puzzle piece for Agenda 21. For total control of humanity, the middle class has to be brought to its knees. Everyone is to be rendered dependent on handouts. We can see this trend in the elites' clever plan to have the U.S. government give many of the middle class who have lost their jobs or businesses a monthly guaranteed income. This has caused the collapse of several sectors of the economy as people stay home and refuse to take a job. One state even stopped all of these payments from the federal government, in order to help incentivize people to fill important jobs in order to keep strategic services running.

Despite Survival rates of over 99% in age groups up to 70 years, India saw one of the strictest lockdowns in the World. For the 0-19 year's age group the survival rate was 99.9973%, making school closures completely illogical and unscientific. Data from around the World www.dropbox.com/s/ocb5qckaa16yaj2/lockdowns-dont-work.pdf?dl=0 shows that lockdowns have little or no benefits while they have been detrimental to working class citizens and especially children due to closures of schools.

Online learning for children is ineffective and impact of school closures has been devastating. A study by Azim Premji University found that as much as 82% lost at least on mathematical skill and 92% lost at least one language skill compared to the previous year www.azimpremjiuniversity.edu.in/publications/2021/report/learning-loss-during-pandemic Another detailed study found that 65.4% of school respondents in teaching reported that children were unable to cope with grade level curriculum due to the extended school closure www.img.asercentre.org/docs/schoolsurveymajorfindings.pdf

It is worth mentioning the betrayal of the Government of India in providing compensation for its reckless lockdown policies which resulted in closures of businesses, loss of wages and income and other damages. Section 2 of Epidemic Diseases Act, 1897 and Section 12 of National

Disaster Management Act, 2005 both have legal provisions to provide compensation to the common man for any action of the Government that resulted in damages for the common man.

The bottom line is that lockdowns are a way of forcibly imprisoning people in their homes, forcing pay cuts, job and business losses, so they become dependent and unable to even defend themselves from the onslaught of Agenda 21. The plan is to basically destroy the economy of every country.

The four African leaders who stopped the lockdown and vaccinations in their own countries died mysteriously. The Covid virus, which has been proven many times over not to exist (it has never been isolated), by some of the world's leading scientists, is simply the excuse to create the lockdowns and herd people brainwashed with fear of Covid, into taking the kill shots.

Countries like Sweden who did not pursue lockdowns stayed perfectly healthy. So 2020 really was a ruse. Now however, with the vaccinated shedding so dangerously to the unvaccinated, or as Dr. Sherry Tenpenny has pointed out, they are actually transmitting dangerous spike proteins, there will need to be some kind of compassionate resolution to keep the unvaccinated protected so that the human race survives. Lockdowns however are not the answer. Most humans are good hearted and capable of self policing and basically doing the needful to ensure survival. If we cooperate together, we can stop this holocaust in its tracks, arrest the culprits and put this planet back on track.

- **Chemtrails**

Chemtrails spraying started in 1999. To this date no one has a definitive answer as to why the spraying is going on, nor why people are developing all sorts of odd health problems and complaints following spraying. Chemtrail poisons have caused Respiratory Problems and Acute Respiratory Distress; Chronic Fatigue and Flu-like Symptoms; Chronic Headaches and Allergies; Fibromyalgia and Chronic Pain; Mental and Emotional Problems; Immune System Depletion; Mysterious, Debilitating and Incurable Health Problems.

It is known that more and more people are developing strange chronic type conditions which are generally unresponsive to standard medical care, as well as to herbal treatment, due to internal toxic changes in the body. Chemtrails are also affecting the life or bio-energy, resulting in severe fatigue and weakening.

Messenger RNA Bombs

But the worst part of this is that Chemtrails may contain Messenger RNA Bombs that spread massive cytokine storms of spike proteins on our crops, onto farm animals which we eat, into our water supply, and in our lungs, as part of the Global Genocide Depopulation Event. The idea behind this is to prevent the unvaccinated from avoiding the lethal effects of the Experimental Eugenics Bioweapon.

The ingredients of the persistent chemtrail formula that is being sprayed in the upper atmosphere by jet aircraft contains nanoparticles of aluminum (in several forms) along with barium, strontium, mercury, plastics and various other ingredients. Even viable Lyme disease cysts and other biological substances have been found in the nanoparticle dust that is falling from the sky. This is a toxic cocktail: The environmental toxicity from the interaction of various toxic metals and glyphosate, the environmental exposure to electromagnetic frequency radiation from technology that uses microwaves, the mRNA protein spikes from the new gene manipulation interventions and the lipid nanoparticles in them.

- **Toxic Air**

The percentage of poisonous gases in the air all over the world is at an all-time high due to a large amount of vehicular pollution from the transportation of food and other goods as well as people

commuting to work on a daily basis. Added to this is the amount of pollution coming from manufacturing facilities that make unnatural processed products that do have natural alternatives. If cities and states learn how to create local, self-sustained goods and services, which will automatically translate to local jobs, then the amount of vehicles and their corresponding pollution could drop to less than half of the present levels.

Toxic air causes lung diseases and a diminished level of vitality in the human body on a daily basis. The rampant deforestation across the globe to make space of the extremely unhealthy and environmentally damaging 'smart cities' must be stopped and people need to return to natural homes in natural surroundings with a good number of trees around them for good level of oxygen.

- **Stress**

Stress from what's going on in the world can also bring down your immunity. So instead of worrying about it, take the proactive steps advised here. Meditate daily. Resolve any relationship problems that you may have. Try to work online from home or make goods at home or deliver online services to keep the income flowing. Take time out and watch a funny movie. Laughter is the best medicine!

- **Sedentary Life**

Being sedentary at home in the lockdown reduces immunity. Therefore, exercise at home daily and get some direct sunlight too. Walk bare feet on the Earth to get its negative ions into your body and bloodstream because they reduce internal inflammation and increase body immunity.

- **Malnutrition due to Denatured Soil**

Most people across the world who eat commercially produced fruits, vegetables, nut, beans, peas, grains, seeds, roots and leaves that are grown using unnatural toxic fertilizers and pesticides, do not understand that such foods lack the adequate levels of nutrients, because such soils are mineral deficient. Therefore, such food does not give one adequate nutrition even though one eats to their fill daily. This causes a state of malnutrition with people realizing that they now need to take supplements on a daily basis. The commercial food markets have become exploitative in nature and the only healthy option is for people to go back to eating fresh, local, organic and seasonal food that is grown on mineral rich soil.

- **GMO**

Genetically Modified Organisms (GMO) used in our food production are causing severe health problem in people across the planet. A lot of food has been weaponized such as wheat to cause people to easily become overweight. Different types of rice have been found to have toxic residues. But the key issue facing most humans is an over acidic diet when in actual fact to maintain health, an alkaline diet is the key. Processed foods are by their very nature, acid based, because to preserve anything it has to be acid based. When humans were still hunters and gatherers, our diet was 95% raw food and only 5% cooked food. Now it is the opposite. We eat 95% cooked food and only 5% raw. Most raw food such as salads and vegetables are alkaline. The answer to having nutritious food is to rid ourselves of all chemical fertilizers, pesticides and GMO seeds which turn food into poison. Additionally, to further detoxify the environment, all chemical medicines need to go, with a return to the tried & tested advice – Let food be thy medicine, and medicine be thy food.

- **Processed Foods**

Anything that comes in an airtight tin or tetra pack or bottle and that contains a preservative or a stabilizer and most contain cheap synthetic coloring agents, flavoring agents, aroma agents as well. Stabilizers are master chemicals that cut down chemical reactions between the other

chemicals in that food unit. It is a package of atomic warfare in reality that remains stable only in air tight containers, But when we open up and put into our bellies, these chemicals are free radicals that rob electrons from the tissue linings in our mouth, gullet, stomach, intestines and colon, causing them inflammation, ulceration, tumors and finally cancer. That is why we are all running after anti-oxidant foods to repair this damage. As their toxic ingredients get absorbed by our intestines, they contaminate our blood and sicken its purifying organs like the liver, lungs, kidneys and skin. It could take up to 20% of the human immune system resources through homeostatic processes, to counter this activity on a daily basis.

Eating unhealthy foods such as foods containing animal's milk, processed sugar, too much oil and also processed foods that contain chemicals, as they all engage the immune system to fight their harmful effects on the body. We should instead eat fresh food and organic if possible or grow our own food to be sure of its purity. Avoid microwaved food as well. The normal food we get in the market lacks vitamins and minerals because they are grown on demineralized soils and with bad farming practices and that is why we in turn lack vitamins and minerals in our body, and that takes our immunity severely low. Therefore now it is important to take supplements of Vitamin A, Vitamin B12, Vitamin C, Vitamin D, Zinc, Iodine, Calcium and others as per our deficiencies and also have lung strengthening teas of tulsi, ginger, lemongrass, nettle and turmeric.

- **Toxic Body Products**

Using body products, cleaning agents and domestic detergents* that contain unnatural chemicals. Their chemicals go through the pores of our skin and finally reach the bloodstream and then our lungs, liver, kidneys, and skin. The immune system then becomes consumed with eliminating these toxins, which very likely could use up 10% of your immune system, just to counter these toxins with appropriate detox activity on a daily basis. Therefore, use only natural herbal products from sources that you trust for all these needs.

- **EMF**

Surrounding ourselves chronically with electromagnetic fields via the excessive use of laptops, mobile phones, and wireless and blue tooth networks, damage the human body's energy fields originating from the chakras within our body. When these energy fields are damaged, associated organs get weaker and they begin to malfunction and overall body immunity suffers. There have been viral epidemics across this planet at each instance of increased electrification of the Biosphere of the Earth, right from the time of the radio and then onto sonar, satellite TV, 1G, 2G, 3G, 4G and now the much more harmful 5G radiations that are causing a very serious degree of lung inflammation and body detoxification effects that many people across the world are not able to survive.

Therefore, we should roll back to 3G networks, which cause us much lesser damage, and because it catered to our internet needs completely. We should also replace all wireless and blue tooth networks in our homes with cabled internet and give up using mobile phones all the time, and instead use a cabled IP phone with apps like Skype or GTalk to make audio / video calls to people across the globe. These kinds of EMF damages could take up to 10% of the human energy flow and immune system resources to counter its activity on a daily basis. The 5G satellites around the Earth electrifying its biosphere and damaging the magnetic fields of the planet, are also part of the electromagnetic damage that not only humans beings are receiving, but also plants and animals, as well as bugs, bees & birds that are dropping dead from the sky.

The next damaging field is HAARP (High-Frequency Active Auroral Research Program) installations across the world that are huge mazes of 180 or more high-powered radio frequency transmitter antennas meant for ionospheric research. Their radiations can cross 1000 kms in all directions, and they operate across the range of 1Hz to several GHz and across the human body frequency range of 1.5 MHz – 9.5 MHz range of its cellular structures causing it inflammation and sickness and flu.

Pathogen Range: 77KHz – 900 KHz
AM Radio Range: 540 KHz – 1600 KHz
Human Body Range: 1500 KHz – 9500 KHz
FM Radio Range: 88,000 KHz – 108,000 KHz

That is why scientists across the world blame these machines for not only causing unprecedented weather changes by ionizing the atmosphere, but also producing Covid like symptoms in people. Scientific enquiry committees must be set up by human rights organizations to investigate these installations and shut them down for their detrimental effects on human beings and the environment.

36)The Pandemic Solution in Summary

1. Switch to locally produced, fresh organic and seasonal foods every day of your life to enjoy good health.
2. Have a good daily exercise routine and some time outdoors in nature. Do the following exercise for building lung strength and heart strength and level of oxygen in the blood per cc. If you have a cough or cold, this exercise will make it disappear within 5-7 days, if you do it twice a day.

Do 10-15 chest push ups against the edge of a table / bed / veranda railing. Next, sit down on a chair and keeping your eyes closed, do 20 in and out breaths, only through your nose, with good force and full lung capacity. Next, keeping your eyes still closed; roll a spiked acupressure ball in both hands, especially over the points for liver and lungs and thymus for 1 minute. If you don't have the ball, see an acupressure hand chart and press these points with the pointed tip of your thumb or index finger. Do two more sets of these 3 steps. After a week, if it makes you feel more energized, you can increase the count of pushups or breaths.

If your oxygen goes below 97% anytime of the day, take deep breaths through the nose only and breathe out through the mouth only with rounded lips like you are blowing into a balloon with some pressure. It will take your oxygen levels higher in a couple of minutes.

3. Do herbal cleanses for the kidney, liver, stomach, intestine and colon, because they knock out toxins and rejuvenate these organs to give you better immune function and health and younger looks as well.
4. Mingle with your local community daily and have productive social interactions.
5. Design a low EMF lifestyle and get rid of WiFi and go back to 3G and cabled internet.
6. Use Integrative Natural Medicine protocols such as to cure people of all comorbidities.
7. People in every state / district, should work towards making their areas self-sufficient in food, water, local products and services, education, healthcare and jobs as well. After all that has happened, we cannot continue to let our children be conditioned by fake medicine models and nutrition models that primarily serve corporations and not the people's health and food security.

Every aspect of human consumption is going through a transformation to organic alternatives and people should design their villages based on local asset based community development models. The lesser the dependence on foreign elements from out of the state, the lesser the probability of the contamination and commercialization of all types of products, whether it is food, body products, home products, or household goods and services.

8. With the help of ethical lawyers in your state, file criminal proceedings against all state and non-state actors that do not serve the interest of the people. The Government was elected to serve the people and not the other way around. Fight for your fundamental rights of a just and dignified life and use your constitutional rights in your courts of law.

37)Is WHO in the business of manufacturing Pandemics?

The 2009 H1N1 Swine Flu Pandemic has also been widely reported by healthcare experts as being a 'Fake Pandemic' orchestrated by the World Health Organization in collusion with vaccine companies who started the manufacturing of the Swine Flu vaccines even before WHO declared the Swine Flu Pandemic. Indian Bar Association's document titled 'Indian Bar Association's document on WHO Crimes' www.awakenindiamovement.com/indian-bar-associations-document-on-who-crimes gives extensive details of how WHO manufactured the 2009 Swine Flu Pandemic with the help of Vaccine Companies, GAVI, Bill & Melinda Gates Foundation and Rockefeller Foundation.

In USA, as in India, the 3 main causes of disease are heart problems, cancer and iatrogenic disease (meaning, physician caused disease due to predominantly allopathic chemical medicine). In the book by Eustace Mullins, titled: Murder by Injection, there are quotes by doctors from the 1920's and 1930's stating that they found cancers only in vaccinated people. The WHO's hand in creating worldwide disease is now also overwhelmingly evident with them forcing doctors worldwide to inject people with the Covid Vaccines.

38)Is WHO a Health Organization in reality?

Since its inception in 1948, WHO has not done programs teaching people how to prevent themselves from getting sick. WHO has not taught people about the several ways of improving their immune system function with the right kind of diets, exercises or herbal supplements. They have not taught people how to reverse their chronic illnesses through various diets, detox programs, herbal remedies and natural therapies. All of this has instead been done by practitioners of alternative, complimentary, integrative & holistic, mind, body & spirit medicine, since the last 50 years. The Integrative Medicine Healthcare Movement in India itself has been doing this phenomenal work for over 15 years as can be seen on their website www.integrativemedicinecommittee.org. This work was even presented at the 'BRICS Nations Conference on Integrative Medicine' on 17th November, 2021 and received good reviews.

There are over a 1000 'Disease Reversal Programs' running all across India that are done by prominent and reputable Doctors, Ayurveda, Yoga, Unani, Siddha, Homeopathy, Sowa Rigpa, Naturopathy, Nature Cure and Energy Medicine professionals, wherein simple housewives too after attending day long workshops on disease reversal, are able to follow all the teachings and reverse their own chronic illnesses and those of their spouses and other family members. These health professionals, holistic wellness centres that host such programs, and finally, it is the ordinary people who have been doing all of this great work in healthcare since the last 20 years. They are the real custodians of health on the planet, not the WHO.

During the last 3 years, millions of people cured themselves of Covid Flu symptoms using these natural systems of medicine. During the pandemic India's Dr. Biswaroop Roy Chowdhury and his team of NICE experts treated around 60,000+ Covid+ cases all around the country, and around 7500+ cases in their make shift covid care center in Ahmednagar with their revolutionary 3 Step Flu Diet Protocol with Zero Medicine, Zero Money and Zero Deaths. There were no mask, no ventilators, no PPE kits, no social distancing in the center. The AYUSH Ministry had conducted a case study of the patients who were treated with the 3 step flu diet by Dr.BRC and his Team and has approved their NICE protocol for treatment of Covid patients, but the Indian Government did not make it a part of the Covid Treatment Protocol. WHO as well did not rollout this excellent Covid treatment for the rest of Humanity, despite having their centre in India and being aware of it.

Why is WHO being called a health organization when it has not done any of the above vital healthcare work for Humanity over the last 75 years?

39)Awaken India Movement and IMHC India demand of the Govt of India to ban WHO

Does WHO have a right to dictate terms to any country on immunity building and healthcare, given their deplorable performance in comparison over these years? How can India and other countries see the WHO as a credible organization that can be entrusted with the drafting of a Global Pandemic Treaty?

The only clear track record of WHO that can be seen is their unwavering support of businesses, bodies, programs, protocols and products that don't even cure chronic illness, instead worsen disease outbreaks and pandemics across the world, in favour of the increasing supply of non-curative allopathic medicines and vaccines and other unnecessary medical interventions, all for the profit of Pharma Companies.

These are the reasons why the Indian Government must withdraw from WHO.

40)The 'Bill & Melinda Gates Foundation' should be banned from India

- 1) Over 4.9 lakh children in India developed paralysis between 2000 and 2017 derived from the Bill and Melinda Gates Foundation supported oral polio vaccine.
- 2) In 2009, an NGO named PATH funded by BMGF had conducted illegal and unlawful clinical trials of HPV vaccines on 32000 tribal girls in Andhra Pradesh and Gujarat which resulted in 7 deaths and hundreds of devastating side effects. The case is being heard in the Supreme Court of India.
- 3) In 2010, across seven African countries, the BMGF funded malaria vaccine trial was responsible for 151 deaths and serious adverse effects such as paralysis, seizures and febrile convulsions in 1048 infants (out of 5949 administered) A similar story emerged from Chad, where 50 infants (out of 500) who were vaccinated for meningitis developed paralysis.
- 4) In 2014, tetanus vaccines that had been administered to 2.3 million females in Africa by the WHO (largely funded by Bill Gates) and UNICEF had been contaminated with the anti-fertility hormone hCG. It was reported that more than 5 lakh of them had become infertile following this program.
- 5) In 2017, Government of India had decided to sever all ties with BMGF following medical malpractices. Yet, he managed to gain a backdoor entry in India in 2019.
- 6) Bill Gates has been illegally reducing world population by funding many family planning and sterilization programs worldwide. In India, BMGF has been providing "support" to the Family Planning Division, MoHFW and Government of India to bring down fertility rates in states like UP, Bihar, Jharkhand, Rajasthan, Madhya Pradesh and Chhattisgarh without the consent of the people. Thousands of innocent women have suffered the most barbarous sterilization abuses as a result of this program.
- 7) Bill Gates funded the 'Gain of Function' research in labs in Wuhan China and Ukraine. It created viruses that were more deadly than before and this is what was reportedly released into the world to create the Covid Pandemic, an international crime against all nations.
- 8) In October 2019, BMGF and others hosted Event 201 that accurately predicted just about every aspect of the Covid Pandemic and response to it, weeks before the actual breakout.

Many doctors, scientists, lawyers and organizations across the world have labelled the Covid Pandemic as their pre-planned event.

- 9) In India, the Bill & Melinda Gates Foundation (BMGF) has funded Serum Institute of India and Bharat Biotech to produce Covid vaccines which are experimental, do not stop infection, sickness or transmission, and have resulted in thousands of adverse events and deaths.
- 10) World's first Vaccine Murder case against Bill Gates and Adar Poonawalla was filed in Mumbai High Court in 2021 after the death of a young man after taking Covishield vaccine.
- 11) The article "How Foundations' Investments in Drug Companies Influence COVID Research" published on 10.03.21 in the online portal The Defender outlines the role of Gates Foundation and Wellcome Trust who have financially benefited from the pandemic response. The article mentions that Gates had more than \$250m invested in companies working on Covid-19 <https://childrenshealthdefense.org/defender/foundations-investments-influence-covid-research>
- 12) Another article published on online news portal lifesitenews, titled "Gates Foundation makes billions through dangerous vaccine development" dated 21.2.21 www.lifesitenews.com/news/gates-foundation-makes-billions-through-dangerous-vaccinedevelopment mentions the Gates Foundation has injected \$384m in Oxford University's vaccine project, which has developed the widely used Covid-19 vaccine Covishield in India. Bill and Melinda Gates Foundation had invested USD300 million in Serum Institute for Covishield manufacturing.
- 13) Despite all the above activities of damaging people's health and killing millions of others and making millions infertile, Bill Gates is still planning to build gigantic factories in India to provide mRNA (vaccines) for subsequent pandemics, and further, vaccines for existing diseases are also in the pipeline. All these activities in India must be stopped completely.
- 14) Gates has been investing billions of dollars in technologies that enable reduction or removal carbon dioxide from the environment. This disturbs natural balance.
- 15) Gates has invested in a start-up that produces artificial breast milk, by demonizing natural breast milk and coercing people into accepting his lab-made product, which may cause problems for our children later in life, just like his vaccines.
- 16) Gates has investments in the GM giant Monsanto (now Bayer) that creates GMO seeds and patents them. It is an attempt to block people's access to original seeds and to force people into using GMO seeds that have disastrous effects on human health.
- 17) Gates has also invested in lab-grown meat, which may cause many other health problems.
- 18) Gates funded ID2020 that has set out to link every aspect of your life to a single digital identity that will ensure we are trapped in a digital prison forever.
- 19) The Gates-backed start-up EarthNow aims to provide a real-time video feed of nearly any place on Earth to governments and 'business customers'. The satellites will also have "machine intelligence," meaning they can "interpret" what they are seeing to aid surveillance. This will bring an end to our right of privacy.

For all the above illegal activities and their crimes against Humanity and the citizens of India, we demand that Bill Gates and the 'Bill & Melinda Gates Foundation' be banned from India and all their activities in India be brought to an complete stop.

18,500+ Sudden Deaths post Covid Vaccinations in India. Failure of GOI to accept and warn the citizens about heart attacks due to covid vaccines. Countries like Japan have already warned their citizens in 2021.

Post Covid vaccination there have been 18500+ death in India and many thousands more which are unreported ,apart from the deaths lakhs of people have been severely affected by the adverse effect post vaccination which we can see around on regular basis be it advancement in Metabolic syndrome disease, myocarditis, paralysis, Kidney failure ,Neurological disorders,etc,etc..the list goes on and on.

As per NEJM, post vaccination 82% abortion rate was recorded in women, as well as illness such as PCOD. The vaccine did not even spare our innocent children, as much as a 9 year old child too who died within 24 hours of vaccination. Parents were coerced to administer their child's with the deadly vaccine even though many prominent scientists across the world confirmed that children are not effected severely by Covid-19, and their survival rate is 99.7%. But post vaccination, we find many children having various health issues these days, including Type I Diabetes. All this is happening due to the failure of GOI to accept the adverse effects of covid vaccines and to warn citizens about it. Countries like Japan have already warned their citizens way back in 2021 itself.

If you go by the data, actually no one died from the so called Sar-Cov2 Virus, only those who were admitted in the hospital died as they were subjected to the treatment protocol of lethal drugs and banned drugs such as Remdesivir. If we talk about deaths due to covid in Goa, the RTI reply by GMC clearly shows that deaths started shooting up only after the covid vaccination drive started.

During the pandemic Dr. BRC and his team of NICE experts treated around 60,000+ Covid+ cases all around the country, and around 7500+ cases in their make shift covid care center in Ahmednagar with their revolutionary 3 Step Flu Diet Protocol with Zero Medicine ,Zero Money and Zero Deaths. There were no mask, no ventilators, no PPE kits, no social distancing in the center. The Ayush Ministry had conducted a case study of the patients who were treated with the 3 step flu diet by Dr.BRC and his Team and has approved their NICE protocol for treatment of Covid patients, but the Indian Government did not make it a part of treatment protocol, which was a crime upon all Indians.

Important here is to note that any infectious disease is scientifically decided in terms of RKnot. Scientifically it is proved that RKnot of Covid is 2 to 2.5 which is the same as of common flu /cold. Rknot for TB is 15, so rate of infection of TB is times 7 higher than Covid, but no restrictions or protocols are imposed for TB, despite there being 15 lakh TB patients in India every year.

As early as 5th March 2020 Dr. BRC met the than Health Minister Dr.Harshwardan and explained to him that we can cure the Covid cases like a simple flu and requested him not to put the country in lock down, but his request to treat citizens free of cost was put down by the minister.

A letter to Dr. Rajiv Bahl, Director General of Indian Council of Medical Research on this issue was emailed and hand delivered by a group of civil society members including AmbarKoiri, AIM National Steering Committee member. The following demand was made in the letter - A timely warning from ICMR about sudden deaths (Heart attack and Blood Clots) in all age groups due to Vaccine side effect will save lakhs of lives, as Doctors will start advising Indian Citizens about the same and public in general will be aware of this fact and will start checking their D-Dimer levels, as countries like Japan have already warned their citizens in 2021. The link to this letter is given in our 19 page document.

Eminent British-Indian Cardiologist Dr AseemMalhotra, who has been leading international calls for the suspension of mRNA COVID-19 vaccines, said that Oxford-AstraZeneca's jab, administered in India as Covishield, was even "worse" in terms of cardiovascular effects, heart attacks and strokes. He further Covishield "should never have been rolled out in the country in the first place". His article is featured in the Lancet Journal.

41) A New Multi-Disciplinary Integrative Medicine & Healthcare system is the only solution

When Covid struck in 2020, it was the duty of the Indian Government to act quickly to protect the health of its citizen's by forming a 'National Level Multi-Disciplinary Health Committee' of the best and most senior doctors and healthcare professionals in the country from all streams of medicine such as Allopathy, Ayurveda, Yoga, Unani, Siddha, Homeopathy, Sowa Rigpa, Naturopathy, Nature Cure & Energy Medicine. They were the ones who should have been entrusted with the Covid Response protocol.

Instead, it was shocking that an Allopathy centric National Covid Task Force was formed and entrusted with the Covid Response protocol. This is the main reason why Indians suffered and died during the Pandemic, just like other countries. It happened mainly due to 4 reasons:

- 1) Allopathic approach lacking expertise on how to improve immune function quickly.
- 2) Implementing unscientific Covid Appropriate Behaviours that made people sick.
- 3) Using faulty medicines and protocols during Covid that killed people in hospitals.
- 4) Enforcing unnecessary Covid Vaccines that injured and killed millions of people.

If the Indian Government had formed the 'National Level Multi-Disciplinary Health Committee', not much harm would have come to Indian citizens during Covid. After all, a great nation like India with its 5000 year old Ayurveda & Yoga and other ancient medicine systems was the most suitable to handle something as simple and tiny as a virus. The Indian Government must now make up for this grave blunder that has destroyed the lives of millions of Indians, by immediately facilitating the formation of a multi-disciplinary national level apex medicine and health committee, supported by state committees having adequate representation of accomplished healthcare practitioners from all fields of medicine and healthcare, as suggested by the public.

The work has already begun through the efforts of some expert healthcare professionals from different states in India as can be seen on their website www.integrativemedicinecommittee.org

It shows that the Integrative Medicine & Healthcare Movement in India started 15 years back, and its work was presented on 17th Nov' 21 at the BRICS Nation Conference on 'The Future of Integrative Medicine & Healthcare'.

State, city and village committees must also be formed for the smooth implementation of policies and programs, and to also support the work of the national committee.

On the website of the Integrative Medicine and Healthcare Committee, you will see how their Integrative Mind, Body & Spirit, Diagnosis & Healing System functions, the Mission & Vision of the movement, and information of their annual conferences starting from the 2007 Continued Medico-Spiritual Education Conference.

The Integrative Medicine and Healthcare Committee has decided to do the following health programs in every state in India. So if you are a healthcare professional in India, please email us at integrativemedicinecommittee@gmail.com to join the movement and be part of your village, city, state or national committee to help in doing the work below:

- 1) Setting up Integrative Medicine Centers across India – OPD – Residential.
- 2) Will first do wellness camps across India – educative (preventive medicine) about healthy diet, natural body products, right exercise, sunlight, sleep, meditation, etc. These camps will also do the assessments of what illnesses people have.
- 3) The above camps will be followed up with chronic illness camps that help to reverse conditions such as high bp, cholesterol, diabetes, obesity, thyroid, hormonal imbalance, arthritis, heart disease, indigestion, etc. with Integrative Natural Medicine.

- 4) All the camps will be charged at the rate of Rs.100 per hour per person to cover event expenses and to give honorarium of Rs.1000 / 2000 to each doctor, healer or therapist who conducts the camp. Camps will range from 1 hr to 3 hrs generally. NGOs or CSR can fund the fees for the poor.
- 5) Some of the doctors, healers and therapists in our committee have already been doing such programs since a decade and they have been very successful.
- 6) We are currently preparing our review reports on the use of masks, sanitizers, social distancing, lockdowns, covid testing, covid treatment and covid vaccines, and will soon be submitting our recommendations to the Government of India .
- 7) We plan to do covid vaccine detox camps across India for people who got injuries from these vaccines, since this demand has come from people across the country. We are currently testing the affectivity of the following protocols for this.
 - a) Chlorine Dioxide
 - b) Homeopathic Silica 12x / Homeopathic Calc.Sulph 6X
 - c) Dr.Peter McCullogh's protocol - Natokinaise 2000 units twice a day + Bromalin 500mg once a day + Circumin 500mg thrice a day
- 8) We plan to launch a TB eradication program, with natural treatments because allopathic drugs are not working anymore on it.
- 9) We plan to teach CPR and other emergency treatments under First Aid Camps to people across India, to help save lives.
- 10) We plan to do eye health camps across India, especially due to the eyesight deterioration of our young children due to the excessive use of digital media.
- 11) We plan to do interactive workshop for parents, teachers and students on life skills orientation, sex education and self defense.
- 12) We plan to do a cancer program to address this deadly disease that's on the rise.

42)WHO's Draconian Global Pandemic Treaty

A draft of Global Pandemic Treaty is being prepared under the aegis of World Health Organisation, and was issued on 1st February, 2023.

This Draft Treaty https://apps.who.int/gb/inb/pdf_files/inb4/A_INB4_3-en.pdf, dubbed as 'Zero Draft' of the WHO CA+, has 38 articles and is a 32-page long document. It was also proposed that this treaty, as an instrument of WHO, would be adopted under Article 19 of WHO Constitution and also consider the suitability of Article 21.

India has gone through harrowing times in the last 3 years, due to implementation of a "One Health" project, coming from WHO, private foundations such as BMGF, pharma lobby in India and the perspicacity of election politicians. Lockdowns, compulsory masking, quarantine zones, mandatorily administering vaccines and experimental drugs, promoting private treatment, refusal to invest on public medical care facilities, liberalization of drug production and market pricing, promotion of drug exports are some of the tyrannical measures that people in India have endured.

The Global Pandemic Treaty promises a similar approach, albeit, with an international mandate. UK Parliament is discussing this already. Indian Parliament is yet to initiate discussion on the zero draft of this Global Pandemic Treaty. Government of India, or its various ministries, have not put out information about the participation and position on this treaty.

Purpose of the Treaty

This Zero draft claims to propose mechanisms to create a global framework for the preparedness, detection, response, and recovery to future pandemics. It claims to prevent and prepare for future pandemics, while ensuring a better coordinated response and equal access to vaccines, treatments, and diagnostics. But in reality, this global framework appears to be a tool for further solidifying and consolidating WHO's hold and power over member countries, and that amounts to a dictatorship, pushing only its chosen interventions that benefit the pharma lobby.

The WHO is expecting totalitarian powers when it says "improved cooperation" and yet, the global health threats are just the ones created by WHO using false science, paid experts and paid media. Instead, the COVID-19 pandemic mismanagement highlights a greater need for evidence-based science, transparency in policy decision and respecting national sovereignty. Potential threats to global health are not the flu, but health complications that arose out of the WHO's restrictive mandates, which it termed as 'Covid Appropriate Behaviours' (CAB) such as masking, testing, social distancing, lockdowns, quarantines and vaccinations. These life destroying behaviours impacted poor families across the globe, which survive on daily toiling, pushing them into a cycle of irrational fear, starvation and consequently, ill health.

Thus the war on germs and virus model will be all about testing, surveillance, containing, quarantining, PPE suits & masking, building quarantine camps, setting up testing booths, mandating lockdowns, requiring proof of being virus free with tests and digital health passports for travel anywhere, administering drugs to kill the germs and bacteria, and pushing vaccinations as a preventive irrespective of side effects and even deaths.

Major Concerns on WHO's Draft of the Global Pandemic Treaty

The Indian government has followed WHO directions whenever they have been conveyed. This unquestioned acceptance has been a major concern. With a treaty, this can be the legal norm and would be worrisome to the democratic atmosphere in India. Nationally, the Union Government has not utilized the mechanisms of consultation and thinking enshrined in Indian Constitution. Unlike UK Parliament, India is yet to propose a discussion on the draft treaty inside Parliament.

Who is the WHO? Can we trust WHO?

The Global Pandemic Treaty draft is created by WHO (World Health Organization) that was founded in 1948. WHO relied on funding from its member states; and their contributions were assessed based on their national income and population. The funds were not earmarked for any particular policy. In those days WHO was an independent organization. But over time, the WHO leadership traded its independence and with it, its integrity, for big money. WHO provides public health recommendations about the use of pharmacologic drugs and vaccines and provides guidelines and assistance in public health emergencies.

Currently, 80% of the WHO budget relies on earmarked donations; primarily from the U.S. government, the Bill and Melinda Gates Foundation, China and Big Pharma Companies. These major donors dictate and control the WHO policies, ensuring that WHO policies further their interests. The WHO, it should be noted, is not accountable to public scrutiny, as non-profits are. The internal documents of the WHO are not available under Freedom of Information, and most of the WHO's financial contracts are secret. In essence, the WHO became a vassal of, and the global marketing agent for Big Pharma and its aggressive drug and vaccine market expansion agenda. Time and again, the WHO has demonstrated its allegiance to its financial backers; adopting measures that have vastly enriched Big Pharma – even as the widespread, use – and misuse – of multi-drug cocktails and multi-virus vaccines – have caused epic number of serious adverse side-effects, hospitalizations, chronic illnesses, and deaths https://ahrp.org/who-controls-the-who/#_edn3.

Four Important Concerns Regarding the WHO Draft Pandemic Treaty

The draft raises 4 important concerns:

- 1) Restrictive Medical Perspectives on Health Safety (Faulty pandemic definition, sole emphasis on Germ Theory, restrictive health harming practices as solutions, vaccines that do not prevent the illness, instead sicken and kill people).
- 2) National Sovereignty.
- 3) Intellectual Property regime.
- 4) Principles of Democratic Governance.

The entire treaty and its provisions to give unprecedented powers to the WHO are pivoted on the faulty pandemic definition, with its sole emphasis on Germ Theory and restrictive health harming practices as solutions. A scientifically validated process of declaring a pandemic is not ingrained into the treaty. Another major concern and danger is that it violates national sovereignty and an individual's and family's basic rights and freedoms. **The wording of the Treaty camouflages the true meanings, where co-ordination and co-operation signify coercion and global health threats are actually the fear mongering campaign unleashed on the world via media, paid experts and mathematical models.**

The 'Zero Draft' continues with WHO's faulty definition of a Pandemic, as not being the number of people dying from the illness (as was always the case), but the number of people indicated as positive with the infection, based on testing procedures that have been labelled 'dubious' by several microbiologists and scientists across the world, such as the RT-PCR Test that gave 97-99% false positives.

But in their Zero Draft, WHO is still not discussing a scientifically-validated process of declaring a pandemic. It glosses over the declaration of a pandemic, and yet asks for powers within the treaty that gives it unbridled emergency powers after the declaration. The definition and the processes of declaration is harmful to the people, who suffered enormously and immensely due to WHO, which still remains an international institution that is unaccountable, distant and lacking democratic values.

Since a Pandemic is now declared with numbers supposedly infected by an unscientific RT-PCR Test and not the numbers of people who died from the infection, the WHO is set to make every flu into a Pandemic. The 'Terrain Theory' sees flus as the body's way of adapting to environmental and body toxins, and explains that a flu builds immunity. In fact, radiation from 5G, HAARP and EMF, as well as chemical toxins in the air, water, food and soil are also known to cause flu in many people, but WHO still displays complete lack of such understanding, and its related preventive measures.

The WHO has grossly over-acted in managing COVID-19 pandemic, even as its role during the period was called out for being dubious, unscientific and deceptive. Yet, using the same arguments, through the Global Pandemic Treaty, WHO wants to become a unique, universal public health authority, reigning over nations. This has dangerous portent given that the WHO is a puppet in the hands of private foundations, private think tanks and vaccine company lobbies. The objective of making this a universal public health authority, the contents that are being discussed in the treaty negotiations and work of WHO are antithetic to the Indian Constitution and various statutes enshrined under it. India is a sovereign republic, bound by its Constitution that encompasses the rights, liberties and responsibilities of its citizens, and the 4 pillars of Indian democracy.

History & Key Provisions of the Treaty

History or Timeline of the Treaty Formation Process

In November 2020, the World Health Organization (WHO) released a "Zero Draft" of a proposed International Treaty on Pandemics. The draft was developed in response to the COVID-19 pandemic, which WHO **claims** has highlighted the need for improved international cooperation in the face of global health threats. **In truth, the world suffered from WHO's harmful CAB over-reach for a flu with a 99.7% cure rate.**

The first step for a pandemic treaty was taken on 30th March, 2021, when 25 world leaders met under the leadership of European Union. This did not include India, China (the 2 most populous countries of the world) and United States. Primarily, the motivation for a pandemic treaty has not originated from these 3 countries; at least not directly. Ostensibly, these nations were concerned about the way Covid-19 has been handled, including issues related to pandemic declaration, treatment, vaccine safety and host of other issues, which kept cropping up, impinging on the lives of crores of human population across the globe.

- A draft of Global Pandemic Treaty, being prepared under the aegis of World Health Organisation, was issued on 1st February, 2023.

- Subsequently, World Health Organisation formed an Inter-Governmental Negotiating Body (INB) to take measures that are needed for realizing this pandemic treaty. INB began a few public consultations, even while conclaves were organized to develop a treaty text. As can be seen INB is a lobbying body that is systematically targeting many stakeholders to get them on board.

- The Zero draft was discussed at the 4th meeting of INB, held in Geneva, 27 February – 3 March, 2023. At this meeting, additions were made to the lists of stakeholders (See point 3.2 below for the stakeholder list) with whom discussions will be held, as part of modalities of engagement with different stakeholders. There can be significant conflict of interest in the stakeholders choices for the protocols and products recommended or pushed for pandemic prevention.

- The next draft is expected soon, based on a meeting held between 12-16 June, 2023. However, a 203-page treaty draft with objections and concerns raised by members was not shared outside the World Health Assembly. This is currently under discussion and negotiation by the members of the WHO.

- A 42-page draft version of the treaty was leaked, as the WHA was under way. There is no information if this text is similar or different to the 203-page draft under discussion.

- The next step is for member states to review the Zero Draft and provide feedback on the proposed provisions.

Stakeholders that Build a Power Lobby for the WHO, whilst leaving out the very Public whom WHO Claims to Protect.

Five kinds of stakeholders were developed, grouped as Annex A, B, C, D and E. These stakeholders were supposedly identified for participation in the treaty review and editing, on par with sovereign nations, but it is obvious that they are mostly associates of the WHO forming a power lobby:

- Annex A includes all UN organisations, which totalled 20.
- Annex B includes 8 Observers, which includes GAVI, the vaccine alliance.
- Annex C includes 218 non-State Actors, with whom WHO has official relations.
- Annex D has a list of 44 varied international organisations, including World Trade Organisation and Bretton Wood Institutions.
- Annex E includes organisations which were invited to give inputs through an online portal, which are 113 in number so far. This list includes Wildlife Institute of India, Tata Institute of Fundamental Research, National Centre for Disease Control (India) and National Institute of Virology (India).

Key Clauses in the Treaty

The Zero Draft outlines a number of key clauses, which whilst they sound good, actually are coercive: The WHO pandemic treaty zero draft is a uni-perspective document with multiple clauses covering various aspects of pandemic prevention and response based on its restrictive and traumatic war model on stopping germs and viruses.

Here is a brief analysis of the main provisions and clauses in the zero draft that reveal a totalitarian approach. **Notice the emphasis on surveillance, compliance, vaccines and diagnostics and especially clause 6 with seeking to set up a Pandemic Review Body to review nations on their compliance.**

A. The claim to strengthen the global health architecture:

The treaty would establish a Global Health Threats Council to coordinate global pandemic preparedness and response efforts.

(This actually means setting up a system for dictating all preparedness and response efforts worldwide on the lines of testing, quarantining, masking, vaccinating and lockdowns. Note that the word 'Threats' means a shift from control of actual pandemics to surveillance testing and control for even potential or possible threats and these are determined at the sole suspicion and discretion of WHO).

Clause 1: Purpose and Scope: This clause outlines the objectives and scope of the treaty, including the promotion of global health security, the prevention of pandemics, and the strengthening of the global health system.

Clause 2: General Obligations: This clause sets out the general obligations of the parties to the treaty, including the establishment of national and international frameworks for pandemic preparedness and response, the sharing of data and information, and the development of medical countermeasures.

(Note all these words in these two clauses such as security and prevention, pandemic preparedness, sharing of data, medical countermeasures all signify WHO's power grab of surveillance, control, coercion of its chosen medical protocols and restrictive CABs).

A plan to improve surveillance and reporting of outbreaks:

The treaty would require countries to share information about outbreaks in a timely and transparent manner.

Clause 3: Surveillance and Alert: This clause emphasizes the importance of timely detection and reporting of potential pandemic threats, including the establishment of early warning systems and the sharing of information on disease outbreaks.

(This can be a compulsion on countries to increase health surveillance, testing asymptomatic people and even animals, spaces and items. 'Timely' here represents acting on not only real but even suspected and potential threats).

(Note here that flus that are a seasonal adaptive mechanisms, are called disease outbreaks and the pandemic definition now creates an emergency from ordinary flus and health situations)

A focus on ensuring access to vaccines and treatments:

Clause 4: Response: This clause outlines the responsibilities of parties in responding to a pandemic, including the provision of medical care, the deployment of public health measures, and the coordination of international response efforts.

Clause 5: Access to Medical Countermeasures: This clause emphasizes the importance of equitable access to medical countermeasures, including vaccines, diagnostics, and therapeutics, and calls for the development of a global mechanism for their distribution.

(Equitable access to vaccines and diagnostics means a power grab by the WHO and its Director General to be the sole decision maker of treatments, over ruling any other medical experts, and the push for lobbying and mandating experimental or tested vaccines irrespective of side effects, other drugs and medical protocols as it deems fit, more to serve the pharma lobby, than accept effective natural and local cures. The treaty claims it would require countries to work together to ensure equitable access to vaccines, diagnostics, and treatments for all. Read “work together” as comply with WHO recommendations)

A plan to strengthen the One Health approach:

The treaty would promote a One Health approach, which recognizes the interconnectedness of human, animal, and environmental health

(Read here the words ‘One Health’ and ‘interconnectedness’ to mean that all people and animals are bio hazards to each other and hence to be tested, quarantined and in case of animals, even culled, One Health also signifies one central power to determine all health protocols which would naturally be a risk of dictatorial powers).

Clause 6: Global Governance: This clause calls for the establishment of a global governance mechanism for pandemic prevention and response, including the creation of a Pandemic Review Body to conduct independent reviews of pandemic responses.

Clause 7: Financing: This clause emphasizes the importance of adequate financing for pandemic preparedness and response, including the establishment of a financing mechanism for low- and middle-income countries.

Clause 8: International Cooperation and Assistance: This clause calls for international cooperation and assistance in pandemic response, including the provision of technical assistance and capacity building, and the sharing of best practices.

(Note that these 3 clauses allow for WHO to interfere with and coerce countries into spending what it deems fit, and for what it chooses as the treatment. The Pandemic Review Body, international cooperation and assistance would also really be about monitoring and indirectly pressurizing for compliance).

The 5 Broad Categories of the Treaty

Germán Velásquez, special advisor on policy and health, The South Centre (Intergovernmental Organization) in Geneva, Switzerland, in 2022, has grouped this treaty into 5 broad categories www.isglobal.org/en/-/un-tratado-internacional-contra-las-pandemias-negociado-en-una-oms-mas-fuerte: None of these address any health and immunity boosting practices, and the categories show WHO’s entire focus on emergencies with the distorted definition of a Pandemic, and its bent towards restrictions and pushing allopathic products and research to benefit pharma lobbies. It is a bid to centralize all health care into one power centre that would definitely be too much power at one place.

1. Governance: The main objective of the treaty is to strengthen the WHO’s capacity to address and manage future pandemics. (Here “strengthen” means an undue expansion of power given to itself, and this could directly result in further medical malpractices being propagated by WHO, over their previous ten).

2. R&D and technology transfer: Research and innovation must be open. Mechanisms are needed to ensure that pandemic-related health supplies are considered global public goods and made accessible. Other topics for discussion in this category include the following: unrestricted access to diagnostics, vaccines, drugs and the technologies required to produce them; transparency in R&D costs and the pricing of pandemic-related pharmaceutical products; and waiver of intellectual property rights on products and technologies financed by public resources or any global public R&D fund. (Note the focus is entirely on propagating pharma products).
3. Funding: Coordination and transparency of international public funding to combat pandemics. The proposal is to pool funding in a global research and development fund that would support research and results sharing, including support for open science, with the participation of institutions and researchers from developing countries. The document calls for transparency in public research contracts and advance purchase agreements. (Note that countries will end up having to fund the global research that WHO chooses. Each country can be free instead to choose what it would like to research).
4. Laboratory capacity, clinical trials and data exchange: Increased laboratory and surveillance capacity is needed to identify animal diseases in all countries. There is also a need for closer collaboration between health research centres around the world. Clinical trials must be transparent and independent, and must include mechanisms designed to ensure the sharing of pathogens, biological samples and genomic data. (Note again, there is a compulsion to give up data and samples, and the dangers of hidden gain of function research by lobbies).
5. Communication and information: Scientific communication must be independent, reliable and accurate. It should also be accessible through digital technologies designed to facilitate the collection and sharing of pandemic-related data. (Note this point is all about information control, in a greater way than was done during covid where information was censored on social media platforms and only WHO and other power lobbies used main stream and social media to push their propaganda of fear related to covid and deception about the vaccines).

The Zero Draft is just a starting point, and the final treaty may look different based on feedback and negotiations with member states. **However, feedback and negotiations with member states will be with State Heads and selected civil society who are likely to toe the line with WHO, whilst the public voice and concerns could be ignored.**

The treaty acknowledges that different countries may have different approaches to pandemic management based on their specific circumstances, and it is not intended to replace national decision-making and yet emphasizes the need for coordinated international action to address global health threats. **However, what is implied here is that the framework for coordinated international action will be solely the power of WHO to determine, and will require national decision making to follow it. The power to say 'No' will be lacking, as every threat is a global threat, once declared by WHO, and a global threat means WHO becomes the global authority.**

Proponents claim that the proposed treaty is couched in many promises, and that it does not prescribe a single method of treatment for pandemics, but rather seeks to ensure that all countries have access to the tools and resources necessary to address pandemics in the most effective way possible. The WHO claims the Treaty is not intended to undermine national sovereignty or promote a single method of treatment for pandemics. It claims that the specific interventions used to address a pandemic may vary depending on the circumstances, and provide a flexible framework that can accommodate different approaches based on the needs of individual countries. **Yet the last Pandemic proved that WHO dominated the premier medical institutions of most countries to enforce their Pandemic response directives. This fact proves that WHO cannot be trusted with all power given to it via this treaty.**

43)Awaken India Movement commentary on WHO proposed World Pandemic Treaty

The proposed treaty is couched in so many promises that it does not propose a meaningful, rational pandemic management method.

It does not trust any expertise outside the WHO. All the euphemistic words in the Treaty hide the fact that “One Health” and claiming “interconnectedness” signifies coercion, “preparedness and response” signifies surveillance and control and “required cooperation and collaboration” means unquestioned compliance. The draft raises 4 important concerns: Restrictive Medical Perspectives on Health Safety (Faulty pandemic definition, sole emphasis on germ theory, restrictive health harming practices as solutions) National Sovereignty, Intellectual Property regime and Principles of Democratic Governance.

Strengthening WHO Totalitarianism

A Global Pandemic Treaty will give WHO undue powers to declare constant pandemics in the future. WHO will also be able to unilaterally determine toxic measures to be taken as part of the response to the declared pandemics, including lockdown policies, mandatory masking, social distancing, and forcing the population to undergo medical treatments and vaccination.

Vaccine-centric Approach needs a review, as Vaccines have now been found out to cause over a hundred different types of injuries and even Deaths.

Pandemic treaty advocates tell us that one of main focuses of the Zero Draft is a more equitable distribution of pandemic-related products such as vaccines, therapeutics and diagnostics. This is in fact the One Health approach. However, adverse effects of vaccines and behavior of health institutions before and after Emergency Use Authorization (EUA) have been questioned before. The debate has become stark with excess death data, sudden deaths and adverse effects being recorded all over the world.

Instead of reviewing this approach of vaccine-related pandemic responses, the WHO Pandemic Treaty continues to hold it in the center of its approach.

It ignores the core principles of liberal thought and the principles of democratic governance, and the worldwide disastrous performance of the vaccines, and wants to lord over the same processes that have led to catastrophic failure in protecting the health of people and securing the rights of individuals to determine their medical care. Ironically, instead the Zero draft shifts the blame to the ‘catastrophic failure of the international community in showing solidarity and equity in response to the coronavirus disease (COVID-19) pandemic’ **whereas it is the over-reach of the WHO CAB measures that actually caused immense distress.**

The vaccine centric approach of the Treaty has to be reviewed as vaccines are causing injuries and deaths.

With recent adverse events and experiences, vaccines are now a questioned method of preventing and controlling the spread of infectious diseases. The efficacy and safety of vaccines have been questioned. It is scientifically proven that these are causing significant injuries and even deaths. There are other safer and more effective treatments and interventions that can be used to manage and mitigate the impact of pandemics. The WHO proposed treaty does not refer to alternatives to vaccines and ignores reference to varied and diverse methods of healthcare responses, adopted and practiced successfully across the world, in the draft treaty text.

For example, in the case of COVID-19, only allopathic treatments such as monoclonal antibodies, antivirals, and corticosteroids were prescribed, even requiring compliance and were pushed to manage the symptoms of the disease. Alternative Medicine doctors and Complementary Medicine doctors were instructed not to treat. Allopathic drugs like Ivermectin and HCQ which many doctors

experienced as helpful were not allowed. Additionally, the non-pharmaceutical interventions such as social distancing, wearing masks, and improved hygiene practices have also been restrictive and health harming and it is questionable if they reduced the spread of the disease. In India and elsewhere, where traditional societies have survived, a slew of non-interventionist treatments were used successfully. Ayurvedic, Unani, Homeopathy & Naturotherapy treatments gave positive results www.theweek.in/wire-updates/business/2021/07/23/pwr27-n.i.c.e--network-of-influenza-care-experts.htm. Integrated Medicine was also used to treat COVID-19 patients. WHO initially actively suppressed these and later too they have been side-lined in media, and only vaccines and life harming toxic restrictions were fraudulently constantly drummed into people as the only way to be safe.

Intellectual Property Rights IPR

Studies have shown that public funding has played a significant role in the development of drugs for many decades, particularly in vaccine research. Between 2000 and 2019, the U.S. National Institute of Health (NIH) funded over \$17.2 billion in published research on vaccine technologies, providing the foundation for the COVID-19 vaccines in the market <https://doi.org/10.1101/2021.04.08.21255103>. Recognition of IPR for products that have emerged from research supported by public funds remains controversial. Royalty payments to such products have been flagged for feeding private profits. In fact, inequities in pandemic medical care, products and treatment are borne out of such in-built royalty payments and price determination rights given to private foundations and private pharma companies.

US Senators in a Congressional hearing emphasized that Moderna developed the vaccine in collaboration with government scientists at the National Institutes of Health, and the Federal Government spent roughly \$10 billion to support clinical development and speed production of the vaccines in the early days of the pandemic. Moderna reported \$1.86 billion in revenue. It forecasts \$5 billion in COVID vaccine sales for this year, based on a planned 400 percent hike in vaccine prices.

Yet, the treaty simply reaffirms that ‘Members of the World Trade Organization have the right to use, to the full, the TRIPS Agreement and the Doha Declaration on the TRIPS Agreement and Public Health of 2001, which provide flexibility to protect public health including in future pandemics’. It is pertinent to point out that the treaty in its justification flags ‘inequitable access to fair, equitable and timely access to affordable, safe and efficacious pandemic-related products and services’ in pandemic responses. How is equity ensured when the IPR regime is accepted?

The International Federation of Pharmaceutical Manufacturers and Associations (IFPMA), which states that it represents over 90 innovative pharmaceutical companies and associations across the globe, issued a Statement on 28th February, 2023. Through this Statement, IFPMA called for a multi-stakeholder structure, which they believed is the only viable solution to managing pandemic crises. It wanted that the private sector be included in the negotiations and considered as a critical partner in the process of this treaty. Interestingly, it opines that the next pandemic may not be similar to COVID-19. They are against the weakening of IP, which can lead to weakening of the research and development on pandemic technologies.

The solution for this contradictory situation as per this Zero Draft, is via public financing, waiver or managing through royalty payments. But these are decisions to be taken at a national level. However, an international financing mechanism is possible. Sources of finance can be private foundations, pharma companies, vaccine manufacturers and rich countries. Untied finances from these sources is difficult to come by. In fact, in a broader sense, the words “equity and equal distribution” has come to be linked directly to vaccines and other technology products. This is reducing the scope of discussion of solutions.

The WHO must accept that equity and equitable access, to treatments, services and products, lies in accepting diversity of medical care responses, decentralization and

inclusion of a wider spectrum of treatment methods. By limiting the provision of treaty to vaccines and other related products, accepting of IPR regime and expecting equal response to pandemic globally, this Treaty seems to be catering to the interests of the pharma lobby.

44) Why the “One Health” Focus is a Power Grab for WHO & Pharma Lobbies

This treaty pushes a concept called “One Health”, which is enunciated as a unifying approach to sustainably balance and optimize the health of people, animals and ecosystems. Article 18 of this zero draft, thus, pushes the scope of this treaty into a wider realm. It is puzzling to see why the interventions explained in the article are grouped under the term “One Health”. It gives an impression of pushing one-size-fits-all solution, instead of prescribing an enabling atmosphere of integrating responses through sharing resources and increasing capacities across the board.

On the other hand, “One Health” emphasizes that only pathogens which are resistant to antimicrobial agents and zoonotic diseases deserve attention, as part of pandemic prevention - Art. 4, Guiding Principles and Rights No.14, page 12.

There is a possibility this Article 18 can be used to interfere in national decisions with regard to the ‘human-animal-environment’ interface, including but not limited to climate change, land use change, wildlife trade, desertification and antimicrobial resistance.’

Without any limitation clauses inbuilt into this article, “One Health” as the title suggests can push for unification of public policies that are suitable to technological interventions and solutions, in turn amenable to vested interests of businesses and companies.

The circumstances, which are causing the rise of virus populations, transfer of zoonotic diseases to humans, need to be addressed. But, not through their ‘One Health’ approach which is at best vague, even while WHO is not the right platform to initiate action on industrial animal farming and food supply chain that destroys biodiversity, intensifies chemical usage and leads to ultra-processing of primary food. Human innate immune systems are threatened by modern, ultra-processing, centralized, factory-based, chemicalized food supply systems that are dominated by multi-national conglomerates. The correction of this toxic food system production is the real need.

This treaty can play a complementary role in facilitating the transformation in food systems sustainability. However, it cannot be the platform for change, as is made out to be. In fact, the provisions are cautiously worded to be inclusive of concerns, but hides enough about the real deceptive power grab agenda for transformation. There is no clarity on how this “One Health” concept in this treaty is going to increase food access and ensure quality of food to the masses across the world. At this point, one has to remember that healthy, appropriate and sufficient food is medicine. In fact the cruel WHO mandates for Covid of lockdowns brought many daily wagers into starvation by robbing them of access to their livelihoods.

Their ‘One Health’ approach that points at the ‘interconnectedness’ to mean that all people and animals and plants are bio hazards to each other and hence to be tested, quarantined and in case of animals, even culled. This clearly shows WHO overstepping their boundaries to achieve an extreme extension of power and control over other domains that do not come under their authority. Such authority and control can never be given to an organization such as WHO that is guilty of so many medical malpractices that have cost millions of lives across the globe just in the last Pandemic itself.

National Sovereignty

The Global Pandemic Treaty can have a huge negative impact on Indian national sovereignty, democratic framework of governance and Rule of Law.

If the treaty were to be coordinated by a trustworthy unbiased body without conflicts of interests from its donors and stakeholders and then it were to establish a framework for coordinated

international action to prevent and respond to pandemics, while respecting the sovereignty of individual nations, it could be seen as a positive development. Such a treaty could help ensure that countries are better prepared to respond to a global health crisis, which ultimately benefits the health and well-being of people around the world.

However, since the WHO Pandemic Treaty includes provisions that undermine the sovereignty of individual nations, such as requiring them to cede decision-making power to the WHO, it is a threat to national sovereignty. In such a case, the treaty is bound to meet with resistance from countries that are wary of ceding any degree of control to international organizations. **Since the Treaty is also created by an unelected body i.e., the WHO, which is controlled by its agenda driven donors, and has had such abysmal performance in the past, it is impossible to trust its authority and recommendations.**

The Treaty has an argument that national sovereignty is not an absolute principle. This is a red flag for a power grab. In cases of pandemics, which require coordinated international action, some degree of sovereignty may need to be surrendered in order to achieve a common goal. Ultimately, the impact of a Global Pandemic Treaty on national sovereignty would depend on the details of the treaty and respecting the free choice of nations whether working together is necessary to address global health challenges. It is also important to note the process of decision-making. In WTO, decisions can be made only through consensus. Elsewhere, like in World Bank, voting rights are divided by shares and contributions. In a democratic decision-making body, equal rights and opportunities for all the parties are critical.

A Governing Body, constituted by all parties, is proposed as part of the institutional arrangements for decision-making. However, the functioning of this Governing body has been made sub-servient to the WHO Executive Board. This WHO Executive Board does not represent all parties. Procedures to be evolved for the functioning of the governing body might include 'specified majorities required for the adoption of particular decisions.' This will bring politics, politicking and probably give us a zero-sum game www.merriam-webster.com/dictionary/zero-sum.

45)WHO's handling of the Covid-19 Pandemic.

Restrictive Medical & Disease Model Followed by WHO

The 'Zero Draft' is based on a war on germs and virus theory of disease that has been challenged by eminent scientists - this is its main weakness. The danger is that the solutions on the table are similar to what was done during COVID-19 and more. The draft alludes to the life harming restrictions on human behaviours (CAB) and vaccinations to combat these germs and viruses, instead of a terrain theory of disease model that would focus on promoting a health boosting and natural immunity strengthening behaviours and infrastructure model.

The Terrain Theory of disease model would be all about supporting the flow of life with free movement, boosting natural immunity and supporting the body's adaptive mechanism to environmental and seasonal change or to combat infections. This would be done by boosting organic nutrients via natural foods, limiting processed foods, stopping chemtrails and weather manipulation, limiting EMF radiation, cleaning up sewage systems, enhancing garbage clearance, stopping GMO and food fortification, encouraging sunlight, outdoors, earthing practices, breath work, yoga, exercise, energy healing and emotional and stress management. This would mean setting up such awareness programs, having health building centres with holistic practices and giving people choices with all systems of medicine that suit them.

Analysis

Seasonal adaptive mechanism like flu is actually being termed as disease outbreaks. Thus, the pandemic definition now creates an emergency from ordinary health situations. Through the WPT, the WHO and its Director General want to be the sole decision maker of pandemic treatments,

overruling any other medical experts, and push for, lobby and mandate experimental and under-tested vaccines, ignoring other drugs and medical protocols as it deems fit, more to serve the pharma lobby.

After Covid Excesses and their Pandemic Medical Frauds, can WHO be trusted to have such Power over all countries & people? This treaty inevitably gets linked to the recent controversies as an extension of the power grab and deception by the WHO with its declaration and management of the COVID-19 pandemic, such as declaring a flu as a pandemic (we did not need to declare a flu as a pandemic), enforcing masks, lock downs, quarantines, forceful hospitalizations, unscientific coercion for covid experimental vaccines, and other draconian measures.

Chief of the WHO's pretense is that he feels this is an "opportunity to strengthen the global health architecture to protect and promote the well-being of all people" **The real opportunity that the WHO wants to create through the Global Pandemic Treaty is of creating a dictatorial structure to make radical changes to the national healthcare systems of its member countries.** This is akin to an agreement in 1995, which led to the formation of the World Trade Organization and the emergence of a global trade architecture. Concerns over national sovereignty were raised then. These concerns are valid now as well.

Anticipating such concerns, the Zero Draft cleverly reaffirms each nation's sovereign right "in addressing public health matters". The particular section in the draft treaty is carefully and deviously worded. It misleads by assuring: "States have, in accordance with the Charter of the United Nations and the principles of international law, the sovereign right to determine and manage their approach to public health, notably pandemic prevention, preparedness, response and recovery of health systems, pursuant to their own policies and legislation, and pushes in a caveat giving it power "...*provided that activities within their jurisdiction or control do not cause damage to their peoples and other countries.*" Sovereignty also covers the rights of States over their biological resources."

While referring to the sovereign right, this paragraph also includes a specific condition that overrules sovereignty, "The sovereign right is not absolute". The WHO would assume the dictatorial power to determine whether and which activities 'cause or do not cause damage to their peoples and other countries'. It is not countries that decide, but the WHO decides, when and how this condition applies. In the background of concerns about the independence of the WHO, from pressures such as China or private foundations such as BMGF, this determination can actually be in the hands of the forces that dominate the institution of WHO.

The treaty has not addressed these concerns either directly or indirectly through a democratically designed process of determination, wherein the WHO overrides a sovereign nation's right.

The architecture of trade agreements, in and outside of World Trade Organization (WTO), has considerably weakened the sovereignty of nations to determine national policies that are appropriate. The Global Pandemic Treaty reaffirms the importance of One Health approach, and as such rejects all other approaches that are not approved by WHO, is drafted to ride over the sovereignty of all countries. There is no expectation that this treaty would discuss and approve pandemic treatment methods, apart from vaccines, the provisions in this treaty do not define mechanisms that might provide an opportunity for the emergence of innovative, traditional, diverse medicare responses to a pandemic. The preamble does not recognize the diversity of responses, which saved millions from COVID-19, and the criticality of diversity in the treatment systems.

In fact, it may not be WHO, which determines the national responses to a pandemic, being a weakling, it was. In 2020, it was observed that the WHO could not declare a COVID-19 pandemic due to threats from China. On the other hand, seriously, the WHO has been asked on what parameters it declared this as a pandemic. COVID-19 should not have been declared a pandemic at all. COVID-19 experience has exposed this UN organization starkly – it is not considered as an

independent, unbiased, and ethical organization that aims to achieve the common good. In reality, its goals and agendas are set by its donors, including some of the world's richest countries and most influential philanthropists www.mises.org/wire/whos-pandemic-treaty-end-national-sovereignty-and-freedom.

Jens Martens and Karolin Seitz explain in *Philanthropic Power and Development: Who Shapes the Agenda?*, "that the Gates Foundation and earlier the Rockefeller Foundation, have been shaping global health policies. Private organizations, who have shares in pharma and other healthcare companies, are able to influence WHO and governments direct grant-making, provision of matching funds, support for selected research programs, creation of global health partnerships with BMG Foundation's staff in their decision-making bodies, and by direct advocacy at the highest political level. Bill and Melinda Gates Foundation declares on its website www.gatesfoundation.org/our-work/places/india, "we have a Memorandum of Cooperation (MoC) with India's Ministry of Health and Family Welfare under which we provide technical, management, and program design support for key health initiatives."

Along with the amendments being made to the International Health Regulations (IHR), which were instruments of the WHO, for long, Global Pandemic Treaty proposes undue powers to the WHO over member states and their citizens. However, the clauses are sufficiently worded to mask the 'real' intentions.

Regulation of biological weapons and research on gain-of-function viruses is not broached in this treaty. World over research labs are doing research on viruses. There is dearth of information on such research. Information sharing and exchange on such research does not get place in this treaty. Rogue nations and terrorist organizations can potentially use virus-centric biological weapons to espouse their silly causes.

The WHO Pandemic treaty, with its contents, can lead to unprecedented mobilization of R&D in the direction of gene edited and digital technologies, facilitate financial flows to scale-up manufacturing of these products and enable technology transfer through debt instruments. While the slogan upfront is to improve equitable access of vaccines, treatments, and diagnostics, the debt traps and inherent payouts by the poor and developing countries are not revealed. Hospitals in India and elsewhere made huge profits because of pandemic and inappropriate, extra-legal responses from governments. Poor communities were stressed severely, and continue to face the consequences arising out of sudden lockdowns and forcible vaccinations. With disruptions in production and services, across the economy, caused by false transmission prevention methods of masking, social distancing and sanitation, awfully wrong testing and patently unproven declaration of covid infections, health systems across the world have failed and harmed the people.

Yet, this Zero draft includes the words 'health systems', repeated 51 times, across the text, but has not been defined. Health systems is a euphemism for health enterprises, and according to Harvard Business Review, this term poorly describes what are in many places mere collections of health assets <https://hbr.org/2019/01/what-a-health-system-is-and-isnt>. Why does WHO want such health systems, dominated by for-profit companies, when it wants 'resolute action on social, environmental, cultural, political and economic determinants of health' through the treaty?

This treaty does not touch upon three of corona pandemic's most controversial issues:

- 1) Ineffectiveness of vaccines and treatments.**
- 2) Tyranny of the mandates, especially lockdowns and starvation and stress they caused.**
- 3) Origins of the Pandemic.**

Vaccines Masks and Lockdowns have been pushed as emergency measures, without sufficient and appropriate processes of safety. Faulty mathematical models and use of fraud RTPCR testing has been used to show cases rising. Testing and calling asymptomatic people as carriers and bio

hazards were other frauds by WHO. The propaganda and the political push to force vaccination as trials, rather than a proven method, has compromised the health of millions of people. The treaty does not propose a scientific body or a process that aids and advises pandemic responses.

The treaty requires nations to pool research and development resources with the benefit of guaranteed access, which is also controversial. Competition can be castled, in the name of pooling and coordination. Research on vaccines is largely led by private organizations, even though public funds do subsidize such research substantially. Science can be sequestered, without transparency, competition and adequate oversight measures.

Legally binding procedures to share information and allow outside investigators are missing in this treaty. In the recent past, WHO has come out in poor light over this highly politicized problem.

The treaty does not envisage social, ecological, environmental, political and economic provisions that are necessary and linked with prevention and preparedness. Fundamentally, pandemic prevention is more about a decentralized system of building immune systems of individuals through healthy food and building diverse food systems that facilitate easy access to nutritious and healthy food. And, yet food is mentioned only once appropriately and vaccines 9 times in the Zero Draft. **Thus, there is no provision about the prevention of emergence and spread of viruses through herd immunity that can prevent pandemics.**

The word virus appears only 3 times, while pandemic 168 times and pandemics 40 times. The political construct of pandemic gets more importance from WHO, which declares that its vision is to achieve 'the highest possible standard of health for all people' www.who.int/director-general/speeches/detail/who-director-general-s-opening-remarks-at-who-75th-anniversary-concert-at-victoria-hall---8-april-2023.

This Zero Draft declares, "Effective pandemic prevention, preparedness, response and recovery cannot be achieved without political will and commitments in addressing the structural challenges in inequitable access to fair, equitable and timely access to affordable, safe and efficacious pandemic-related products and services, essential health services, information and social support, as well as tackling the inequities in terms of technology, health workforce, infrastructure and financing, among other aspects." **showing the emphasis only on vaccines, pharmaceuticals and their distribution.**

Do we need WHO itself? Should We Exit the WHO? Should the Planet Disband the WHO?

The Global Pandemic Treaty is being formulated supposedly to have united effort, coined in the term One Health, One World, but is really a power grab move. The World Economic Forum, at Davos, has been advocating for such unified response, meaning wanting to establish "dictatorial control".

In conclusion, whilst the WHO-led Global Pandemic Treaty promises a unified, one health approach to future pandemics, it is a repetition and extension of what was done during COVID-19, making it a catastrophe of tyrannical domination, now raised to a global scale, with a more structured power grab. **Such a structured, concerted approach led by WHO, which is not yet independent from the shackles of private foundations and private health care companies, backed by Governments of all hues, is going to be a formidable weapon to kill people's movements for justice, equity, sovereignty, diversity and sustainability. It is likely to be a potent doorway to forcibly introduce gene-edited technologies in health and food sectors.**

It is expected to endorse digital technologies, which infringe on individual rights and can be an unseen tool to smother fundamental human rights, namely right to liberty and right to life. Alternative medical care systems, of indigenous and traditional society origins, would be suppressed by this Zero Draft Global Pandemic Treaty, even as it ignores the therapeutic role of these systems in containing the spread of COVID-19 pandemic.

The Treaty is based on fear mongering and declaring constant states of Emergency.

Based on these apparent fears, this treaty proposes emergency powers to the WHO to declare pandemics. This paranoid method of management needs to be reversed so that people no longer fear colds and fevers. In the past, pandemics happened once in a 100 years. This model is likely to declare a Pandemic every 3 to 4 years. The detrimental effects of the WHO's forced solution, i.e. vaccines, needs to be evaluated given the current spate of sudden deaths from vaccination. A decentralized system of health care is the only way for true health care.

Subject: Grievance Petition for Deprivation of Fundamental Rights, Indian Evidence Act Petition for Scientific Evidence, and Demand Notice for Performance of Duty

Dear Public Servant,

I hope this letter finds you in good health. I am writing to you to express my grave concerns regarding the deprivation of my fundamental rights and those of my fellow citizens in the wake of the measures taken by the government in response to NIPAH virus epidemic. This grievance

petition, Indian Evidence Act petition, and demand notice collectively seek transparency, accountability, and the protection of our fundamental rights.

GRIEVANCE PETITION

I firmly believe that the fundamental rights enshrined in the Constitution of India are the cornerstone of our democracy and are essential to the well-being and dignity of all Indian Republicans. The recent measures, including testing, mask mandates, quarantine, lockdowns and vaccination coercion directly and indirectly by state authorities, have raised serious questions about their necessity, proportionality, and impact on our rights.

In the interest of protection of communitarian health, the Government is entitled to regulate issues of public health concern by imposing certain limitations on individual rights, which are open to scrutiny by constitutional courts to assess whether such invasion into an individual's right to personal autonomy and right to access means of livelihood, meets **the threefold requirement as laid down in WRIT PETITION (CIVIL) NO 494 OF 2012; Justice K.S. Puttaswamy (Retd) ... vs Union of India & Ors**, i.e.,

- (i) **Legality**, which presupposes the existence of law;
- (ii) **Need**, defined in terms of a legitimate State aim; and
- (iii) **Proportionality**, which ensures a rational nexus between the objects and the means adopted to achieve them.

I believe that the measures you have taken so far, have disproportionately affected the following fundamental rights of Indian Republicans:

1. **Right to Life and Liberty:** The lockdown measures have significantly curtailed our freedom to move, work, and engage in daily activities, thus impacting our personal life and liberty.
2. **Right to Freedom of Movement:** The restrictions on movement have not only hindered our ability to earn a livelihood, but have also disrupted essential services and access to medical care.
3. **Right to Freedom of Assembly:** The limitations on public gatherings and assembly have hindered our ability to collectively discuss potential solutions to common problems, and to peacefully protest and express our concerns.
4. **Right to Privacy:** The tracking and monitoring measures implemented as part of contact tracing and quarantine enforcement are an invasion of our privacy.
5. **Right to Education:** The closure of educational institutions has affected the right to education of many students.
6. **Right to Work:** The lockdown measures have resulted in job losses, financial instability, and economic hardships, which impact our right to work and earn a livelihood.
7. **Right to Health:** Not promoting / taking into consideration Indian traditional treatment modalities such as AYUSH / Acupressure / Acupuncture / Naturopathy / Energy Medicine / Supplements in mitigating the NIPAH epidemic, the stress and mental health issues stemming from the extended lockdowns, have had a detrimental effect on our overall well-being.

I hereby demand a comprehensive review and reassessment of the current measures, and revoke them completely with immediate effect considering their impact on our fundamental rights and the latest scientific data.

INDIAN EVIDENCE ACT PETITION

As a concerned Indian Republican. as enshrined by Indian Constitution Article **51 A (h)**, I hereby **demand you to provide** under **Section 76** of the **Indian Evidence Act, 1872**, the following evidences supporting the necessity and proportionality of the government's measures, which have led to the deprivation of fundamental rights of Indian Republicans.

1. **Virus Isolation:** Officially certified copies of scientific evidence regarding the purification and isolation of the virus, including research papers, laboratory findings, and studies that confirm the existence and characteristics of the virus.
2. **Virus Storage:** Officially certified copies of information on the storage and preservation of the virus samples, and the intact form of virus is kept in storage at any of our National secured infrastructures for medical scrutiny.
3. **Mode of Transmission:** Officially certified copies of scientific evidence to prove the mode of transmission of NIPAH virus through surface contact, air or micro droplets of body fluids.
4. **Testing Methodology:** Officially certified scientific studies that prove that the testing methods do not cause harm to individuals, and that test parameters being used have a proven high degree of accuracy
5. **Mask Mandates:** Officially certified experimental scientific evidence to prove that face masks can stop transmission of NIPAH virus. Also provide officially certified experimental scientific evidence that even after wearing facemask for short/prolonged periods, a person can get healthy natural air (With recommended % of Oxygen, CO2 and several million types of microbes/micro florae necessary to maintain natural immunity), to remain healthy as usual.
6. **Lockdown Rationale:** Officially certified copies of scientific data and expert analyses that formed the basis for announcing stringent lockdown measures and mask mandates, including any risk assessments and models used.
7. **Proof of Causation:** Scientific officially certified studies that prove how the NIPAH virus enters cells of living human beings, replicates, generates Cytopathic Effects, generate symptoms, pathology of each and every symptom and then mechanism of spread in the environment to infect other human beings **(In order to substantiate restrictions such as masks, social distancing, Lock downs & clinical protocols).**
8. **Proof of Sickness Prevention:** Scientific officially certified studies that prove that the advised vaccines do not reduce one's immunity or cause harmful side effects or permanent disabilities and sickness or death and that they prevent the stated symptoms and sickness or death.

DEMAND NOTICE FOR PERFORMANCE OF DUTY

I firmly believe that it is the solemn duty of the authorities and institutions entrusted with **upholding the rule of law and safeguarding our fundamental rights** to take prompt and appropriate action to prevent, investigate, and remedy any violations. Therefore, I demand the following actions:

1. **Transparent Investigation:** Conduct a thorough and impartial investigation into each reported case of fundamental rights deprivation. Those found responsible should be held accountable and appropriate redress and remedies should be provided to the affected individuals.
2. **Preventive Measures:** Implement preventive measures to prevent the recurrence of such incidents, including enhanced training for law enforcement personnel, public awareness campaigns, and the promotion of a culture of respect for fundamental rights.
3. **Scientific Evidence Sharing:** Facilitate the open sharing of scientific evidence and data related to the NIPAH epidemic with the public, ensuring transparency and informed decision-making.
4. **Public Engagement:** Engage in dialogue with civil society organizations, legal experts, and concerned citizens to formulate and implement strategies for the protection of fundamental rights.

I hereby demand a **written response within 48 hours** outlining the steps being taken to address these concerns, due to the urgency of this matter. The citizens of India deserve nothing less than the full protection of their fundamental rights, and access to scientific evidence is crucial for building public trust in the measures implemented.

Thank you for your attention to these matters, and I trust that you will take the necessary actions to uphold the principles and values that our nation holds dear.

With pleasant regards from my heart,

Indian Republican

47)IMHC's advice to the Indian Government:

- 1) Change the definition of Pandemic back to number of scientifically proven deaths from the sickness.
- 2) Indian Medical Bodies must do virus trials first to scientifically prove that it causes the sickness, before declaring a Pandemic.
- 3) Replace the fraudulent RT-PCR and RAT tests with a scientific reliable test.
- 4) When a Pandemic strikes, use daily non-contact temperature checks and symptoms checks to determine who needs isolation and treatment.
- 5) Withdraw the claim that asymptomatic people infect others, since it is fraudulent.
- 6) Stop all unscientific and unproven Covid Appropriate Behaviours that make people sicker.
- 7) Mandate 'Informed Consent' on paper in local languages for all medical interventions such as vaccines.
- 8) Mandate the AEFI (Adverse Events Following Immunization) system for every vaccine.
- 9) Do a survey of the health status of all covid vaccinated people in the country to see the performance of the covid vaccines. Do the same for all other vaccines too.
- 10) Withdraw the fraudulent claim that vaccine induced immunity is better than naturally acquired immunity.
- 11) Allow all Indians the freedom to choose their method of treatment for any flu or disease.
- 12) Withdraw Covid Vaccines from the market since they did not deliver any of their promised benefits. They've instead caused over 100 side effects and death.
- 13) Withdraw from WHO
- 14) Boycott WHO's Pandemic Treaty
- 15) Ban Bill Gates and the Bill & Melinda Gates Foundation from India and shut down all their Indian operations.
- 16) Support the formation of Multi-Disciplinary Integrative Medicine & Healthcare Committees in every state in India and at the National level too, so that India is fully prepared to combat any future Pandemic and also to save the deteriorating health of all Indians.

17) Implement immunity building, disease reversal, cancer prevention and vaccine detoxification programs all across the country through the IMHC committees.
